

LEWIS APPROVES WILSON'S PROPOSAL

AGREEMENT REACHED BETWEEN GOVERNMENT OFFICIALS AND UNITED MINE WORKER HEADS

Union Leaders Will Urge Acceptance of President's Proposal For Termination of the Coal Strike at Meeting of Executives of Mine Workers to be Held at Indianapolis Tuesday.

WASHINGTON, Dec. 7.—Attorney General Palmer announced after midnight that an agreement was reached today between government officials and John L. Lewis, acting president and William Green, secretary-treasurer of the United Mine Workers, under which a proposal for termination of the coal strike will be submitted to a meeting of the executives of the mine workers at Indianapolis next Tuesday.

The proposal which is not described in a statement proposed by President Wilson "looking to a speedy termination of the strike situation and adjustment of the controversy" the statement says.

Lewis and Green will urge acceptance of the proposal.

Attorney General Palmer's Statement.

Mr. Palmer's statement follows:

"A conference was held at the department of justice, Washington, on Saturday, at which were present the attorney general, Mr. Tumulty, secretary to the president, Mr. Lewis, acting president and William Green, secretary-treasurer of the United Mine Workers of America, in view of reaching an understanding between the government and the miners which would result in a settlement of the coal strike situation.

"At this conference there was submitted a definite, concrete proposition from the president looking to a speedy termination of the strike situation and an adjustment of the entire controversy. The officers of the United Mine Workers in response to the suggestion of the president agreed to and have called a meeting of the general assembly, the representatives of all the district organizations and the international executive board of the United Mine Workers to be held in Indianapolis on Tuesday, December 9th, at 2 o'clock p. m., at which time the president's proposal will be considered and its acceptance by the miners urged by Mr. Lewis and Mr. Green. The attorney general will be in Indianapolis on Tuesday."

Announcement Came as Complete Surprise.

The fact that Mr. Palmer talked with President Wilson the course of the day on the coal situation was known, but no intimation of the nature of the conference was obtainable either from Mr. Palmer, prior to his announcement, or at the white house.

The announcement came as a complete surprise as government officials had not made known the fact that the union leaders had been called into conference or that new proposals were under consideration. The presence of Lewis and Green in the city was rumored during the day but it could not be confirmed.

When the announcement was made, officials would not comment as to the nature of the proposals to be submitted in Indianapolis. The text of the statement as well as the general attitude of government officials indicated clearly, however, that acceptance by the miners was anticipated.

Consistent With Statement.

Dr. Garfield would not comment tonight further than to indicate that he did not regard the proposals advanced to the mine workers in any sense a compromise. The statement issued by Mr. Palmer, it was learned, was prepared after conference with the fuel administrator and whatever the proposal made might be indicated that it was consistent with Dr. Garfield's statement that no compromise would be made in the strike situation.

Unable to Reach Officials.

All efforts to reach officials of the National Coal association tonight were fruitless and it could not be learned whether they had any knowledge of the new development disclosed in Mr. Palmer's statement.

May Postpone Hearings.

Indianapolis, Ind., Dec. 7.—In view of the meeting of the executive board called for Tuesday afternoon it was believed that the hearing of contempt charges against officials of the union set for 9 o'clock Tuesday morning probably would be postponed.

Mr. Seales said that probably all members of the executive board all of whom are defendants in the contempt proceedings would be in Indianapolis Tuesday afternoon in court, but that he could not consider the president's proposal had been sent out from Washington by Secretary Green.

Wires Governor Cox.

Columbus, Ohio, Dec. 6.—Secretary to the President Tumulty tonight wired Governor Cox, suggesting that in view of Attorney General Palmer's announcement, he call off the adjourned conference here tomorrow at Ohio miners and operators with the governor.

Looks for No Large Increase.

CHICAGO, Dec. 7.—Dr. F. C. Honnold, secretary of the Illinois Coal Operators' association early today (Sunday) said he felt certain

WILLS MAJORITY OF ESTATE TO PUBLIC

Frick Leaves All But \$25,000,000 of His Estate to Public, Charitable and Educational Institutions.

New York, Dec. 6.—Henry C. Frick, iron master and collector of art, left all but \$25,000,000 of his vast estate to public, charitable and educational institutions according to the terms of his will made public here tonight. The value of the public bequests after \$25,000,000 is set aside for his widow, son and daughter, is \$117,000,000, exclusive of 151 acres of Pittsburgh real estate, left for a public park.

The Frick mansion and art collection in this city valued at approximately \$50,000,000 and an endowment of \$15,000,000 additional to maintain them as "the Frick collection" is given to the public at the termination of Mrs. Frick's life. This makes Mr. Frick's largest single gift to the public total \$65,000,000.

Princeton and Harvard Universities and the Massachusetts Institute of Technology, are bequeathed approximately \$25,000,000, divided so that Princeton will receive about \$15,000,000 and Harvard and Technology each about \$5,000,000.

About \$5,000,000 is left to the educational fund commission at Pittsburgh. Pittsburgh institutions will receive bequests amounting to about \$500,000 and other \$500,000 bequests are made to half a dozen Pennsylvania hospitals.

The Society of the Lying-In-Hospital of the city of New York, is left about \$1,500,000. In addition to her share in the \$25,000,000 left the immediate family, is bequeathed to Miss Helen C. Frick to dispose of along the general lines of public benefit.

Executors of the will, under its direction, are given as Mrs. Adelaide H. C. Frick, Miss Helen Frick, Childs Frick and Henry C. McElldowney, and William Weston Smith, both of Pittsburgh. McElldowney and Smith receive \$250,000 each of their fees.

Fees of \$50,000 each are left to the trustees for the Frick Art Collection Corporation, excluding Mr. Frick's widow and son and daughter.

SHOULD AVOID RAILROAD TRAVEL

Hines Warns Public That Service Will Be Difficult and Unsatisfactory.

Washington, Dec. 6.—Warning to the public that railway travel will be "difficult and unsatisfactory" until the coal strike emergency has passed and should be avoided wherever possible was issued tonight by Director General Hines of the railway administration.

Many trains are to be taken off to conserve coal, parlor car service is to be sharply curtailed and persons forced to undertake journeys should consult railway agents as to available trains before arranging their plans the statement said. Certain passenger trains will be cancelled and a large number of parlor cars will temporarily be discontinued. These changes will become effective in the western region December 8; in the southeastern region, Dec. 9; and in the eastern and Allegheny region on December 10. The average seating capacity of a parlor car is less than half the available seating capacity of a coach. This step is taken for the purpose of providing the maximum seating capacity consistent with the necessary reduction in train mileage.

NAVY WILL ISSUE VICTORY BUTTONS

WASHINGTON, Dec. 6.—Victory buttons will be issued by the navy department to all persons who served in the reserve or regular navy during the war. Announcement was made by the department today that distribution of the buttons, which are of bronze with an appropriate design, would begin at once. Re-enlisting stations have been authorized to issue them to all eligible persons now discharged or on inactive duty and a supplementary distribution will be made from the bureau of navigation in Washington. Silver buttons of the same design, it was said, will be issued to those who received wounds during the war.

The victory button, it was explained, is awarded in addition to the victory medal distribution of which is expected to begin shortly.

POPE RECEIVES NEW YORK WOMAN

ROME, Friday, Dec. 6.—Pope Benedict received Mrs. John Adams Drake of New York City, president of the American Free Milk and Relief for Italy Society, in audience today, congratulating her upon her work in supplying milk to Italian children and invalids and expressing his gratification. He presented her with an autographed photograph and imparted his blessing upon her work.

IS STILL IN DOUBT

Mexico May Not Have Complied With U. S. Request

RELEASED ON BAIL?

Press Dispatches That Release Was Accomplished Only After Bail Was Furnished Were Not Covered in Official Advice

WASHINGTON, Dec. 6.—Developments today left it still in doubt whether Mexican officials really complied with the request of the United States in releasing William O. Jenkins, the American consular agent whose imprisonment at Puebla brought relations between the two governments to a critical pass.

Press dispatches that the release was accomplished only after bail had been furnished were not covered in official advice to the state department which said that Jenkins had reported himself already ignorant of the matter and that he was making an investigation on his own account.

Upon the answer to this question seems to hinge whether the sharp diplomatic correspondence on the subject is to be renewed or the incident permitted to drop. At the time the fact of the release itself apparently has relieved much of the tension of Mexican affairs both at the state department and in the senate. The resolution of Senator Fall, Republican, New Mexico, requesting a diplomatic break was considered at an afternoon conference of Republican members of the foreign relations committee and it was decided not to press the proposal for action until President Wilson had sent to the committee the memorandum of advice he promised Senator Fall yesterday at the white house conference.

In trying to establish the facts behind Jenkins' release, the state department is running down a suspected connection between J. Salter Hansen, said to have furnished bail for the consular agent, and the Mexican government. Officials said Hansen was reported to have had some association with Luis Cabrera, Carranza finance minister and that he might have been forwarded to Puebla as the last ambassador.

While the department's investigation is proceeding officials here still are waiting for Carranza's reply to the last American request for Jenkins' release. Reports some days ago indicated that it was in preparation but tonight it had not been received at the department.

DEMAND QUOTAS OF ARMY TRUCKS

Representatives of Ten Counties Meet at Quincy Yesterday.

Quincy, Ill., Dec. 6.—Personal representatives from ten counties and letters from a half dozen more made up of supervisors and road commissioners met here today and passed resolutions demanding that the federal highway commission, which that body is now holding. Letters were read from several congressmen assuring the representatives that these trucks were intended for the different counties. The highway commission was denounced for what was termed as "its arbitrary action in withholding the trucks from the counties and allowing them to rot rather than turn them over where they would be useful in road building."

TO MAKE SUNDAY REAL DAY OF REST

Paris, December 6.—Cardinal Amette, arch-bishop of Paris, has issued a pastoral letter asking Catholics not to use the post, telegraph or telephone on Sundays except in cases of absolute necessity. The letter was sent at the request of the catholic federation of post office employees, which asked him to intervene with the government in order that employees might obtain rest on Sunday.

WILL ABOLISH CARDS.

Rome, Friday, Dec. 5.—Bread and macaroni cards will be abolished before Christmas according to a government announcement and after that time only sugar will be dispensed by the card system. Italy is the last of the allies to abandon bread cards.

SEIZE GAS COKE.

Spokane, Wash., Dec. 6.—Seizure by the United States marshal of 10,000 tons of gas coke owned by the Spokane Falls Gas Light Company, of this city, was ordered by United States District Judge E. E. Cushman here today.

SEES RELIEF FOR SUGAR SHORTAGE

Special Representative of Attorney General Aspects Relief Will Come by February First.

Chicago, Dec. 6.—Relief in the shortage of sugar will come by February 1, according to a statement made by Howard Flagg, special representative of Attorney General A. Mitchell Palmer, on the Illinois food situation. "About December 15, the Cuban sugar crop will begin to move," he said. "By February first substantial quantities should be on the United States market. The Cuban sugar crop should relieve the shortage here."

Mr. Flagg said the revival of the food administration's rule 6, which prevents the resale of sugar by dealers among themselves had been proposed and would remedy the situation. He said that during the war when the country was on sugar rations consumption consumption averaged 24 pounds of sugar a year per capita. Now it averages 165 pounds a year per person.

SEIZE 5,300,000 POUNDS OF SUGAR.

Spokane, Wash., Dec. 6.—Orders for seizure by the government of 5,300,000 pounds of sugar held at Yakima and Tappan, Wash., by the Utah-Idaho Sugar Company were issued here today by United States District Judge E. E. Cushman of Tacoma, sitting here.

The orders were issued in a libel action brought by United States District Attorney F. A. Garrecht, who charged hoarding and attempted unjustified price increases by the holding company. United States deputy marshals were sent to take possession of the sugar.

JACKSONVILLE MAN ON STATE COMMITTEE

Principal Hopkins of High School Honored by Athletic Association in Chicago.

Chicago, Dec. 6.—The 1920 district basketball tournaments of the Illinois High School Athletic Association will be held March 5 and 6, and the state meet two weeks later. This decision was reached by the board of control which met today. The centers in which the meet will be held are yet to be designated by the committee. The number of districts from which champions will be selected to meet in the state finals was increased from 15 to 15. The personnel of the committee named to conduct the tournaments is as follows:

H. B. Black, principal, Mattoon, Ill.; High School, manager; H. C. Hopkins, principal, Jacksonville, High School; Will C. Robb, Springfield, Ill.

High schools to the number of 418 belong to the association. Last year the championship was won by the Rockford High School. C. P. Briggs, principal at Rockford is the president of the association.

PRISONER DENIES THEFT OF BONDS

New York, Dec. 6.—Frank Storey, described by Assistant District Attorney Talley as the "Master Mind" in the theft and disposal of \$1,500,000 worth of securities from local financial houses during the last year was arrested today on a short affidavit alleging suspicion of theft of four Pennsylvania railroad bonds, valued at \$4,000. He was held in \$10,000 bail for examination Monday.

The police say that the stolen bonds were found in Storey's possession November 15, but he denies the allegation and says that he has no connection with the securities thefts. Storey was formerly employed by the law firm of Seabury, Massey and Lowe with offices in the heart of the financial district.

WILSON SHATTERS MORE PRECEDENTS

Washington, Dec. 6.—President Wilson shattered some official business today including the signing of a number of pardon warrants and a bill to increase the pay of the police in the District of Columbia.

In signing the measures, the president used an indelible pencil because of the difficulty of using the pen in a reclining position. This was the first time in the history of the nation, it was said, that the White House, that the official documents in parchment had not been signed with ink.

OFFER SERVICES TO GATHER WOOD

Taylorville, Ill., Dec. 6.—Taylorville miners have offered their services to gather wood and lumber for the needy of the city during the coal strike. They offer their services free and to the families where the husband is out of work the lumber will be given free.

GOLD WITHDRAWN.

New York, Dec. 6.—About \$10,000,000 in gold coin was withdrawn from the sub-treasury today for shipment to South and Central American points, chiefly to Buenos Aires.

ELECTRIC POWER

Development of Power Would Alleviate Crisis Present Crisis

URGES SENATE TO ACT

Senator Jones Urges Action on Hydro Electric Development in Navigable Streams

WASHINGTON, Dec. 6.—How a coal crisis, such as the country now faces, would be alleviated by the development of electric power by water was pictured to the senate today by Senator Jones, Republican of Washington, who urged the senate anew to act on the pending legislation to permit hydro electric development in navigable streams.

The bill already passed in the house, was laid aside in the senate at the extra session to make way for the peace treaty.

The ultimate development of all the power available in navigable streams the senate declared would be equal to 780,000,000 tons of coal, representing a value of more than \$1,500,000,000—more coal than the country now actually consumes. At the same time, Senator Jones declared the ultimate development would mean the improvement for navigation of more than 4,000 miles of the upper reaches of navigable streams and besides developing power would develop systems of water transportation.

Twenty-two states, most of them in the west and south, Senator Jones declared, needed the legislation to unlock natural resources. Calling attention to water development which he said was now going ahead at renewed speed in Europe and South America, Senator Jones declared that if congress waited too long before acting, it would find American engineers, capitalists and machinery makers too busy with foreign orders to take up the work at home.

FOUND GUILTY OF MISUSE OF MAILS

Head of Pan Motor Co., Is Guilty on Four Counts of Federal Indictment—Twelve Associates Acquitted.

Chicago, Dec. 6.—S. C. Pandolfo, president of the Pan Motor Company of St. Cloud, Minn., was found guilty of misuse of the mails on four counts of a federal indictment by a jury in the district court late today and 12 of his associates in the company were acquitted.

The indictment contained eleven counts, two of which the sixth and seventh, had been dismissed early in the trial which began six weeks ago. The jury found Pandolfo guilty on the first, second, third and fifth counts, disregarding the remaining counts.

"I guess it might have been worse," was Pandolfo's first comment on the verdict.

Pandolfo was the promoter of the company of which he became president and general agent. The other officers and directors who were acquitted are: Charles D. Schwab, Peter Thielman, G. E. Hanscomb, C. Schwab, bankers; Hugh Evans, wholesaler; H. C. Ervin, Jr., miller; Fred Schlippl, publisher; Charles Burnett, real estate dealer, all directors; Charles F. Ladrner, vice president, secretary, all of St. Cloud; Norman A. Street and George Heidman, Chicago, patent attorneys; and H. S. Wile of Spokane, Washington, former vice president and chief stock salesman of the company.

The men were indicted on eleven counts, ten of which charged misuse of the United States mails and the eleventh alleged conspiracy to use the mails to defraud. The court had instructed the jury to disregard the first five counts against Schwab, Thielman, Hanscomb, Evans, Ervin, Schlippl, Burnett and Ladrner.

SISTER OF MINER KILLED BY AUTO

Lincoln, Ill., Dec. 6.—Miss Margaret Springer, 35 years old, sister of a striking miner, died today of injuries received last night when she was struck while crossing an unlighted street by an automobile driven by Harold Wright, president of the Lincoln Latham Mining Company. Street lights have been discontinued as a fuel conservation measure.

WIN BIKE RACE.

New York, Dec. 6.—Alfred Schaefer and Eddie Madden of the Schaefer team won the six day bicycle race at Madison Square Garden which ended at 11 o'clock tonight.

Second place went to Oscar Egg of Switzerland and Manuel Llanusa of France and third to Roderic McNamara of Australia and Jack Magin of New Jersey.

SENATOR NEWBERRY TO APPEAR MONDAY

In U. S. District Court With Others Indicted With Him Who Have Not Yet Come Before Judge Sessions.

Grand Rapids, Mich., Dec. 6.—Decks are cleared for the appearance in the United States district court, here Monday of United States Senator Truman H. Newberry and others indicted with him on charges of fraud, conspiracy and corruption in the Newberry election who have not yet come before Judge C. W. Sessions. Ninety eight defendants already have been arraigned.

Eighteen of the 135 indicted, including Senator Newberry are expected to appear Monday to answer charges contained in the second indictment for alleged making and filing of false affidavits with relation to expense incurred in the election campaign. The eighteen are also charged with the offenses cited in the first indictment of six counts.

The eighteen are Senator Newberry, Paul H. King, Detroit, his campaign manager; John S. Newberry, Detroit, his brother; Elbert V. Chilson, of Chicago, member of the Republican national committee's organization; Allan A. Templeton, Detroit; Thomas C. Phillips, Detroit; Charles A. Floyd, Detroit; B. Frank Emery, Detroit; H. A. Hopkins, St. Clair; Frederick Cody, New York City; Mark T. McKee, Mt. Clemens and Milton Oakman, Harry L. Turner, Frederick P. Smith, William J. Mickel, Clarence L. Sibben, James F. McGregor and Frank W. Blair, of Detroit.

Several of the others of the thirty seven not yet arraigned are expected to come into court Monday to answer to the first indictment. Because of illness or absence from the state, it has been impossible to yet serve the bench warrants on five of those indicted, although it is anticipated all will be subjected to service and arraigned by the middle of the week.

A panel of thirty six veniremen has been summoned and from them will be drawn the jury that is to try the cases indicating, officials say a desire to speed the trials as much as possible.

FLOATING MINES ENDANGER SHIPPING

Constitute Greater Menace in North Sea Than at Any Period Since Fields Were Laid.

Stockholm, Nov. 25.—The danger to shipping from floating mines in the North Sea is increasing according to the chief inspector of the Swedish Merchant Marine, who predicts that this winter the mines will constitute a greater menace than at any period since the mine fields were laid. During the week ended today, December 6 the sinking of one American steamer and the danger of another from striking mines in the North Sea have been reported.

So extensive were the mine fields and so numerous the mines, says the inspector, that large numbers of them escaped destruction by the English and American mine sweepers, notwithstanding the energy and diligence with which they worked.

More mines than ever before now are said to be loose and drifting toward the Swedish coast. Efforts are made to sink such mines as are seen by shooting them but it is impossible to cope with them all in this way.

Along the Jutland coast in the course of a single day recently the skipper of one craft reported sighting not less than 72 drifting mines.

MUCH WHISKEY AND WINE SOLD

ST. LOUIS, Dec. 6.—All sorts of intoxicants were sold freely here today, following the order of Federal Judge Farris yesterday temporarily restraining the United States district attorney and the collector of internal revenue from interfering with the sale of such beverages.

Thousands of gallons of whiskey and wines were disposed of and it was said a common sight to see persons boarding street cars with large earthen jugs and bundles of quart bottles.

Whiskey wholesaler at from \$17 to \$23 a gallon, according to the proof and saloons sold portions at 20 to 50 cents a drink "pour it yourself." Bottled goods retailed at an average of \$10 a quart.

Judge Farris' decision immediately released 50,780 gallons of tax-paid whiskey valued at \$475,000.

Portulins in the suits, it was said, have 100,000 gallons more stored in the warehouse that according to decision must be released immediately upon payment of the government's tax.

MRS. TABOR IN CUSTODY

Weed, Calif., Dec. 6.—Mrs. Foster Tabor was brought here from Brea, Calif., today by one of Sheriff Calkins' deputies. The sheriff later took her to Yreka where her son Walter Tabor is being detained.

WILDE OUTPOINTED

Sharkey Wins Milwaukee Mill in Decisive Fashion

FIRST APPEARANCE

British Fly Weight Champ Makes First American Appearance Against New York Bantam Weight

MILWAUKEE, Wis., Dec. 6.—Jimmy Wilde, the British fly weight champion making his first American appearance was decisively outpointed by Jack Sharkey, a New York bantamweight here tonight.

Under the Wisconsin law no referee's decision can be given but it was the unanimous opinion of the newspaper experts at the ringside that Sharkey had clearly the better of the match. The defeat of Wilde, the pride of the English fist world, was a big surprise. He succeeded in winning only two of the ten rounds. Sharkey having the better of the remaining sessions with the exception of the first, which was even. The New York bantamweight started out to make a rushing fight and brought the crowd to its feet in the second and fourth rounds when he staggered the little Welshman with rights and lefts to the chin. He outpunched Wilde and landed more frequently and with greater force behind his punches. Wilde who had not boxed since last July when he outpointed Pat Moore in London, lived up to none of his advance notices. His judgment of distance was bad and there was little force behind his punches. Sharkey showed his contempt for the Briton's punching power in the sixth round when he deliberately dropped his hands to his side and let Wilde whale away to his jaw with both hands.

Wilde got \$11,000 for the thirty minutes he was in the ring. He was guaranteed this sum, win, lose or draw.

ROUND ONE—Sharkey started with a rush landing right and left to Wilde's jaw. Wilde missed left to head. Sharkey danced away from the Welshman. They exchanged straight lefts. Wilde put a left and right to Sharkey's head and Sharkey retaliated with two punches to the body. Sharkey drove the Englishman into a corner landing a shower of rights and lefts to the head. The round ended with the men fighting in the middle of the ring. The round was even.

ROUND TWO.—Wilde got Sharkey in his own corner landing with left to the head. Sharkey missed a left hook and landed twice to the body. Sharkey landed a right and left to the Englishman's head. The boys exchanged punches in the center of the ring. Wilde landed three lefts to the head. Sharkey countering with left hook to the jaw. The New Yorker drove Wilde to the ropes with a shower of punches. It was Sharkey's round.

ROUND THREE.—Sharkey hooked a left to Wilde's stomach, the Englishman landing right and left to the head. Wilde missed a left lead to the head and Sharkey barred him with a right to the jaw. Sharkey staggered Wilde with a left hook to the chin and forced him into the corner landing away with rights and lefts. They exchanged punches in the center of the ring as the bell sounded. Sharkey's round.

ROUND FOUR.—Wilde put three light blows to the head and Sharkey dug his left into Wilde's mid-section. Wilde missed a left and Sharkey caught him squarely on the jaw and he came rushing in. Sharkey connected with a right swing to the head. Sharkey shook the Englishman with another to the same spot. Wilde was driven into a corner and fought furiously but Sharkey had the better of the exchange. Sharkey's round.

ROUND FIVE.—They missed lefts to the head and exchanged punches to the body in a clinch. Wilde landed twice on Sharkey's (Continued from Page Seven.)

THE USES OF ADVERSITY

The uses of adversity are some times most instructive and even beneficial and develop features that are cause for congratulation, even of pride. This has proven most true in the present emergency regarding the supply of fuel in this city, a shortage not only here but in the entire nation. There has been a get together spirit manifested in Jacksonville for some time, but never shown to a greater extent than at present.

There are many visitors in the city, brought here by certain court proceedings—many business men, several representing newspapers in other cities. They have observed and spoken of the business activity, of the optimistic view of almost every citizen with whom

they converse; they comment on the spirit of unity in sentiment and in deeds evinced by our business men and by all and when they are told that it has all been brought about within the past year, they have to be shown.

Jacksonville is unique in that it has a mayor and aldermen and other city officers serving without pay. That it has a city attorney, one of the most eminent and capable practicing at the bar of the state, a man accustomed to large fees and big business, serving the people, devoting a greater part of his time to the business of the city without expectation of financial remuneration, purely for the advancement of the interests of the city that is his home.

The example set by these men, their sturdy faith and energy in city affairs, has led to the completion of a dam that will insure a permanent water supply. They are backed by loyal business men and citizens of all classes who have advanced funds to secure the land which is being overflowed. There are few cities in this country where such a spirit has been evinced and evidenced by actual deeds.

That example has led the people to a willingness to vote for the issue of bonds to clear up and fund back indebtedness of the city, that has been an increasing burden for many years, showing the intention of the citizens to live square with the world and play fair with every man, to redeem all obligations of the city, though some question the wisdom of the debt incurred.

That example led the people of Jacksonville to vote bonds for the building of a filtration plant, to

make the supply of water that will soon be available, healthful and pure and fit for any purpose.

That example led business men of other cities to have faith in the good intentions of the people of Jacksonville, and to the ready sale of the bonds so voted at a handsome premium. Would that have been possible only a few years ago?

When the present fuel emergency hit us that example led the people to prompt and full attendance upon every meeting called by the mayor to discuss measures and adopt plans for conserving the fuel supply and to protect the interests of all who may be affected by the crisis, no matter what their condition in life may be.

That example enabled the mayor to appoint a fuel committee of business men to have charge of the distribution of the fuel available, to apportion the supply to those in greatest need. The powers of these men have been confirmed by the regional director and they earnestly consider every case on its merits. Their only reward will be the knowledge that they are doing their duty to the best of their ability, for Jacksonville and its people. It led to the appointment of another committee whose duty it is to secure fuel, wood or coal, wherever they can secure it, for use in our city.

That example led to the prompt signature by hundreds of men of a paper pledging each to the extent of one hundred dollars to a fund to protect the fuel commission in their endeavor to secure supplies of fuel of any kind. This fuel is to be sold at cost, where those who need it are able to pay, and the pledge is to make good any loss where coal must be delivered to needy people. Thilled to the appointment of an advisory committee, composed of representative men, to confer with the fuel committee and act as arbitrators in cases where regulations are not fully understood.

All seem to be working harmoniously and with but one object always before them, the welfare of our people. All, business men and citizens of all classes, are imbued with the spirit of co-operation and helpfulness, inspired largely by our "city fathers" and today the golden rule seems a fitting expression of the motives of a great majority of the people of the city of Jacksonville. Is it not true that in our case there is cause for congratulation that adversity has shown us so plainly the good that is in all and the spirit of helpfulness that exists today in Jacksonville?

Today is Sunday. The scarcity of fuel will close many of our churches, that their supplies may be held for use among the poor that are always with us, in emergency. Yet the citizens of Jacksonville should return thanks, quietly and in their own homes, if necessary, thanks to the giver of all good that we live in a city where there is evinced such a spirit of unselfishness and mutual aid.

Rippling Rhymes

Law and Order.

Give an issue sounding title, and it may cut grass enough; but the only one that's vital is this law and order stuff. Oh, I hear the statesmen chatter of small things and call them great, but such trifles do not matter when the traitors boldly trait: when they hurl a wild defiance, waving flags and beating drums, and for action have reliance on the homelands? bums. All the forces of the alley, of the kennel and the stew, have united in a rally, anarchistic things to do. They

have long since crossed the border of high treason, and they swarm, crying, "Down with Law and Order,"—and it's time for a reform. We must crush the deadly adder, see its venom does not last, or our future will be sadder than Gomorrah's dismal past. We must stop the maudlin pleasures of the treason sporting jay, and refined and gentle measures are but kindness thrown away. We can't stop the screeching vandal with a tap upon the wrist; all such cattle we must handle with a scourge of wire, I wist. Still we argue, when we'd ortn't, when stern weapons we should draw; for the one thing that's important is the old time reign of law.

DR. BLACK RETURNS

FROM KANSAS CITY
Dr. Carl E. Black expects to return this morning from Kansas City where he was the principal speaker at the meeting of the Western Surgical Association. On Friday evening, Dr. Black made an address at the banquet given at the Muehlbach Hotel on "Medical Education in Greece", showing over one hundred slides of the medical department of the University of Athens. The Western Surgical Association is made up of prominent surgeons from the territory west of the Allegheny mountains and north of the Ohio.

Sweethearts—once. But now he was just plain country sheriff and the girl, with her "education," had risen quite beyond him. How different he was from the "cultured gentleman" who had won away her love!

But when her fine lover proved to be a robber and a murder, and a yelling mob called for his life, then she learned of the stuff that makes a man.

Augustus Thomas' great stage play, made into a picture of tremendous dramatic power and appeal to the heart. Eileen Percy, Robert Cain, Monte Blue and Noah Beery in the big supporting cast. Don't miss it!

SOROSIS OBSERVES
50TH ANNIVERSARY

Well Known Society Passes Half Century Mark—Interesting Program is Given.

Sorosis one of the oldest societies in the city observed its fiftieth anniversary Friday evening at the home of Dr. Josephine Milligan and Dr. Grace Dewey. The society was fifty years old last year but the anniversary celebration was postponed.

Supper was first served and then the address of welcome was given by the president, Mrs. Frank J. Heintz.

Mrs. E. C. Lambert the secretary then told of Sorosis fifty years ago. In her opening remarks Mrs. Lambert paid a loving tribute to the memory of Mrs. Josephine Mason Milligan founder and first president of Sorosis, mother of the hostess Dr. Josephine Milligan. She then gave some spicy extracts from the annals of the society, rounding out a most brilliant report.

Mr. Edmund Munger of the Conservatory of Music Illinois College then gave a group of piano numbers which greatly pleased.

The main feature of the program was the reading of the play, "Abraham Lincoln." The play is by John Drinkwater a famous English poet and author and was read by the Rev. Lester L. Riley rector of Christ Church Springfield. Mr. Riley prefaced his reading by giving a number of poems by Mr. Drinkwater.

The play has created a sensation in England where it has been produced in London and other cities of the United Kingdom with great success. It has been a source of wonder to many Americans to see the manner in which the play has been received in England.

Mr. Drinkwater's evident purpose has been to picture Lincoln as the personification of democracy. It is remarkable that an Englishman could get such a thorough insight into the American spirit and character as has the author. It is most vividly brought out thru the lines of the play that the reason for Lincoln's greatness was his purity in heart and his sublime faith in God. Mr. Riley gave a most masterly reading of the lines and brought to his auditors many new phases of the great emancipator's character as seen thru the eyes of the author.

During the evening a lovely and gracious message came from the Wednesday class congratulating Sorosis upon her anniversary and so ended a very happy occasion.

The following committees were in charge of arrangements for the anniversary:

Program—Mrs. W. T. Wilson, chairman; Mrs. P. C. Thompson, Mrs. Inglis, Miss Grace Dummer, Domestic Science—Mrs. Ralph I. Dunlap, Mrs. Warren Case, Mrs. T. P. Carter, Mrs. C. E. Cole, Mrs. J. W. Elliott, Miss Carrie Dunlap, Miss Clara Moor.

POSTPONED

The Centenary Church Supper which was to have been held Tuesday evening, has been postponed because of the coal shortage and it will be held on a date which will be announced later.

Those who have purchased tickets and wish their money back may secure same from persons from whom they purchased them.

The bazar will be held on Tuesday at Mrs. Hoover's Millinery store, and those who have articles for the bazar will please leave them at the store on Monday.

OLD TIMES REVIVED

Old times are vividly reminded of the way they used to have lights years ago. The tallow lamp, the fluid lamp, the tallow dip and the tallow molds were all in use. Many a time the writer has seen a minister stand with candle in one hand and Bible or hymn book in the other and read the lesson or line out the hymns. Preaching used to be announced at "early candle light." When kerosene was first introduced it was considered a wonderful discovery and a marvel of illumination. It cost first about \$1.40 a gallon and went on down in the course of years to 60 cents when it seemed as if the bottom had been reached. Then came Rockefeller with his tank cars, pipe lines and refineries and the world knows the rest.

"Come on, Remorse!" How well one remembers the cry in "Checkers" the famous racing play which held the stage so many years, played the country from end to end over and over again, and made millions for its owners. Remorse wins the rich stakes in the play, altho unknown up to that time. Remorse, Checkers, Push Miller, Pert Barlow and the rest—they all come to life again in the

mammoth William Fox film production of "Checkers." Richard Stanton, who staged the picture, has taken advantage of the outdoor atmosphere to make one of the most spectacular pictures ever shown.

Checkers is a reformed racetrack tout who falls in love with a Southern beauty. His adventure is beset with troubles, but he overcomes every obstacle.

**AGREEMENT REACHED
BETWEEN U. S. OFFICIALS
AND MINE WORKER HEADS**

(Continued from Page One.)
In this city this morning at 10 o'clock and is returnable to Peoria Monday morning at 10 o'clock. Judge Fitzgerald's action means that Mr. Farrington will be released on bond satisfactory to the United States marshal who will be required to bring the Illinois mine workers' president into court Monday morning.
Will Vote on Strike.
Youngstown, O., Dec. 6.—A meeting of the national strike committee of the steel workers is to be held in Washington, December 13, when a vote is to be taken on a proposition to end the strike according to information given out here today by an organizer of one of the steel unions. The presidents of the twenty-four international unions involved in the strike it was stated will vote directly on the proposition.
To Meet in Washington.
Washington, Dec. 6.—Presidents of all international unions affiliated with the American Federation of Labor, will meet in Washington, December 13, at the call of President Gompers, to consider the legislative situation in congress with particular reference to the anti-strike provisions of the Cummins railroad bill. This would include all the steel unions, but no special arrangements for a meeting of steel executives had been made it was said tonight at federation headquarters.
Informed of Conference.
Kansas City, Mo., Dec. 7.—Harry N. Taylor, president of the National Coal association, admitted early this (Sunday) morning that he had been informed of the conference between union officials and Secretary Tumulty. Mr. Taylor said he had no knowledge of the proposals submitted to Lewis and Green by the government.
Mr. Taylor intimated Lewis and Green might have submitted the proposals themselves and that the proposals might have been in the form of promises "to be good and not violate any more federal injunctions."
The operators have made no offers," Mr. Taylor said. "The government has placed no proposals for the settlement of the strike before us."
National Situation Improved.
Chicago, Dec. 6.—Increased production of soft coal in several states according to today's reports served to improve the national situation to some extent. More optimistic indications were in evidence among government fuel officials and some operators, although Fuel Administrator Garfield emphatically declared he would not countenance increased wages to miners at the expense of the public.
A number of actions in the way of restrictions and conservation were taken throughout the country chief among them being announcement of suspension of scores of passenger trains, most of them in the south central and northwestern region, the others had been ordered or were in prospect in the east and south.
Apparently the settlement of the strike was no nearer than in recent days.
The effect upon industry generally in central and eastern states was expected to result next week in wholesale shutdowns of factories and shops. The prospect was that nearly 400,000 workers would be idle in Chicago, with 200,000 or more unemployed in Detroit and lesser numbers affected in large cities of other states.
Embargo on Oil Shipments.
Among government announcements expected to aid the territory west of Chicago and St. Louis was an embargo on shipments of fuel oil east of those cities and proposed prosecutions of profiteers in oil.
The government proceeded vigorously in the plans for prosecution of miners and others for continuing the strike and retarding production in violation of the Lever and the anti-trust acts. Judge Anderson's injunction issued at Indianapolis, the original action virtually prohibiting the strike, was supplemented today by Federal Judge Keller of West Virginia, enjoining 549 union mine workers officials in that state.
While preparations went ahead rapidly at Indianapolis for opening a grand jury investigation on Monday, a number of union leaders were arrested in several states. Thirteen miners, members of two unions at Clinton, Indiana, also were arrested. All were cited for contempt by Judge Anderson. The government also resumed wartime fixed prices on coke.
A federal libel action against two concerns in Spokane, Washington, was dismissed by agreement for a reduction of \$1 a ton on gas coke.
All mines in West Virginia on the Western Maryland Railroad between Piedmont and Elkins, W. Virginia, resumed operation today with sixty per cent of the men at work, it was reported.
Continued operation of the West Virginia union mines which have been working were marked by conflicting statements of operators and union leaders respecting the New River field. Operators claim a 75 per cent production while union men declared it was not greater than 34 per cent.
A few men returned to work in one Oklahoma mine, employing 34 miners.
State troops were withdrawn from Southern Colorado where operation was said to be normal, but Denver cut business hours sharply on account of shortage of coal.
The important operations of the central competitive eld in Pennsylvania, Ohio, Indiana and Illinois showed no change.
Iowa operators made no change in their attitude of opening that state's mines Monday with any competent labor available.
Continue Operations.
The Kansas surface mines continued operation with volunteer workers altho rain hampered the men. Eight car loads of coal were shipped from the Cherokee-Crawford county pits. Up to last night, 21 carloads of coal had been mined. None had reached consumers yet. At McAlester, Oklahoma, 300 volunteers were at work under the direction of Governor Robertson.
Volunteer miners also were at work in Missouri strip mines and thirty union miners agreed to return to work at Hume, Mo.
Governor Cox of Ohio planned to resume negotiations with miners and operators Monday, looking to resumption of operations in that state.
Governor Goodrich of Indiana began negotiations with owners of surface mines in that state in the hope of resuming with volunteers.
Officials at Washington agreed to increase coal for the northwestern and central western regions by 1,500 cars a day, of which 600 cars were for Illinois, 500 of them for the Chicago district. There was no indication of any compromise in Illinois, according to both operators and miners.
Governor Roberts of Tennessee served an ultimatum upon both operators and miners that the state would take action to produce coal unless the strike was ended hastily.
Federal troops arrived at Butte, Mont., to do guard duty. The American Wholesale Coal Association at Washington, made a statement declaring that Eastern mines now producing 400,000 tons weekly must be closed next week for lack of payment for coal taken by the railroad administration for general distribution. The administration, however, pointed to its plan, announced yesterday to issue credit slips payable at all federal reserve banks.

RAG AND BONE DEALER WEALTHY

PARIS, December 6.—By The Associated Press.—A rag and bone dealer, who formerly gained a meager livelihood by picking over garbage boxes, has become wealthy by trading in American army supplies bought by France. He purchased a large number of waterproof coats for 20,000 francs at a government sale and made a profit on the re-sale of 160,000 francs. With this sum he bought boots, shoes and blankets. Now he has a bank account of over 1,000,000 francs.

FORMER EMPRESS VISITING IN PARIS

Paris, Dec. 6.—By The Associated Press.—Former Empress Eugenie is once more visiting Paris, traveling as usual under the name of Countess de Pierrefonds. After consulting a specialist as to her eyes she will go to her villa at Cape Martin for the winter.
The windows of her apartment look out on the Tuilleries gardens, the site of her palace, where she played such a brilliant role and from which she escaped nearly 50 years ago when the empire fell.

TO MEET CARPENTIER IN NEW ORLEANS

New Orleans, Dec. 6.—Jack Dempsey, heavy-weight champion already is under contract to meet in New Orleans the winner of the Beckett-Carpentier fight. Dominick J. Totrich, fight promoter of this city announced today. He added that Nate Lewis, of Chicago, acting as his representative was due to arrive in London today to sign up Carpentier, the new heavy-weight champion of Europe.
"I have Dempsey's contract to meet the winner of the Beckett-Carpentier fight in New Orleans and I know Dempsey will keep his word," Totrich said. "Arrangements have been made to cable to Carpentier ten per cent of his guarantee the day he signs articles."

ACTION AGAINST PROFESSIONALISM

Faculty Committee of Western Conference Athletic Association Takes Drastic Action.

Chicago, Dec. 6.—Drastic action against athletes who play professional football either in college or after graduation was agreed upon today by the faculty committee of the Western Intercollegiate Conference Athletic Association. The committee adopted the following resolution:
1.—That participation as players or officials in a professional football game shall disqualify for all employment in connection with conference athletics.
2.—Violators of rule of December, 1916, relating to coaches and June ruling of 1917 relating to players are likewise disqualified.
3.—That letters of men won in college be revoked if they play professional football after their collegiate careers have ended.
The committee made it imperative for conference officials to keep out of professional games. The ruling also states a player's letter can be stricken off the roster if he plays professionally after his career at college and he cannot be hired as a coach if he plays professional football.
F. W. J. Moenhass of Indiana University was elected chairman of the committee and Prof. J. P. A. Pyre of Wisconsin, re-elected secretary.
The committee voted to increase the fee of football officials to \$50. The annual outdoor track and field meet was awarded to Michigan, and will be held on June 5. The indoor track meet and swimming championships will be held at Northwestern University on March 18, 19 and 20.
The conference tennis championships were awarded to Chicago and will be held on May 27, 28 and 29. The annual cross-country run was given to Indiana and will be held at Bloomington on November 20.
Coach Stage of Chicago refused to state a game with Northwestern because he is of the opinion the purple eleven had not lived up to the rules in playing former members of the Great Lakes football team last fall. The Midway director said, however, the break would be for one year only.
The following conference football schedules were adopted for next fall:
October 9—Minnesota at Northwestern; Purdue at Chicago.
October 16—Indiana at Minnesota; Northwestern at Wisconsin; Iowa at Illinois; Purdue at Ohio State.
October 23—Illinois at Michigan; Iowa at Chicago; Wisconsin at Ohio State.
October 30—Northwestern at Indiana; Minnesota at Illinois; Ohio State at Chicago; Purdue at Notre Dame.
November 6—Northwestern at Iowa; Wisconsin at Minnesota;

Illinois at Chicago; Michigan at Ohio State.
November 13—Minnesota at Iowa; Purdue at Northwestern; Illinois at Wisconsin; Chicago at Michigan; Indiana at Notre Dame.
November 20—Michigan at Minnesota; Wisconsin at Chicago; Indiana at Purdue; Ohio State at Illinois.

MAYNARD FLYING TO SAVANNAH

Mineola, N. Y., Dec. 6.—Lieut. Belvin W. Maynard, the "flying parson" left Mitchell field for Savannah, Ga., where he is to address Southern Commercial Congress Sunday afternoon. He used the de Havilland machine in which he crossed the continent and was accompanied by Sergeant W. E. Kline, his mechanic on the trans-continental flight.
Maynard will make at least two or three stops enroute, the first at Washington, D. C. He plans to return here before December 11, and then start on his one stop flight across the country to San Diego, Cal.

FOR FOOD RELIEF

Paris, Dec. 6.—Action was taken by the supreme council today toward food relief for Austria and Armenia. The council took cognizance in this connection of resolutions adopted by the supreme economic council, dealing with provisioning of these two nations.

Mr. Gray found the men ready and willing to co-operate.

General Observance of Rules

People in general are taking this attitude and seem to realize that the situation demands it and further have the feeling that if there is general compliance with the rules that this very fact will tend to bring about a satisfactory solution of the troubles between the miners and the operators.

Then there is the other fact which thus far has been in the background, that the superintendent of the Railway & Light Co. has definite instructions to cut off service from persons or firms who do not comply with the order.

Mr. Gray has let it be known that if necessary to bring about observance of the rules by any consumer that he would not hesitate to cut the wires.

A Giant Tree

Chairman Hackett of the fuel committee received a report yesterday of one or more trees at 400 South East street which the owner will gladly have removed for the wood if anyone is inclined to undertake the work. Another available tree reported is the huge one at the corner of Pennsylvania avenue and South Main street. This is near the residence of the late E. P. Jones and it is said that the owners are willing to pay something for the removal of this tree in addition to giving all the wood to the person who cuts it.

Advisory Committee

At 3:30 o'clock Saturday afternoon the advisory committee of which H. M. Capps is chairman and H. A. Perrin secretary, met at the city hall to discuss a number of questions relative to the rules laid down by the utility commission and approved by Gov. Lowder. Several persons were present to ask that rules be interpreted as applying to their special lines of industry. There is no disposition on the part of any of these men to run counter to the wishes of the utility commission or the recommendations of the committee but they were in some doubt as to just the intention of the order.

The question was asked as to the propriety of a merchant displaying the order for heat and light if heat and light are secured without the use of coal, gas or electricity. It was the united opinion of the committee that strict observance of the rules that is, hours of opening and closing and the use of light and fuel—will be beneficial to all. If there is individual instead of general application of the rules the best effect will be lost.

It has already developed that there is criticism of any person or firm who does not wish to join with the majority and carry out the letter and the spirit of the utility commission mandate.

The Chapin Coal Prospect

The committee acknowledged the offer made by Dr. J. A. Fountain of Chapin thru Bernard Gause of the right to use the old Chapin mine. The owner had stated that if the committee desires to put in any kind of machinery or equipment for removing coal that he would make no objection.

Wood for the Schools.

The board of education has taken prompt measures to keep the public schools going and that without the use of coal. An order was placed Saturday with Thomas Robinson for 200 cords of wood. This wood is already cut and part of it is on the Carter farm in the vicinity of Lynnville. The work of hauling it to Jacksonville will begin at once.

Will Aid Dealers.

The advisory committee appointed T. C. MacVicar as chairman of a special committee, he to choose his own associates, for the purpose of co-operating with dealers in their efforts to secure coal shipments. There is a good deal of necessary red tape about securing coal thru the regional committee with offices in Chicago and a dealer after he has filed application must keep strictly after the railroad distributors in order to secure shipment.

Saving the Coke

Supt. Gray has been compelled to decline to deliver any further coke orders until he is certain about receiving gas coal. It is the announced policy of the regional coal committees to provide utility companies with gas coal and Mr. Gray has the promise of a number of cars. Nevertheless, his present gas coal supply will last only thru Monday and he therefore feels the necessity of conserving his coke supply for use under the boilers if it becomes necessary. It is quite likely, however, that the condition will very soon change for the better and a shipment of gas coal is expected.

Elks Postpone Banquet

Announcement has been made by Jacksonville lodge of Elks of the postponement of the banquet planned for the evening of Wednesday, Dec. 10. The action is necessary in order to accord with the spirit of the utilities commission order and to conserve fuel. For a like reason memorial services announced for today will not be held. The Elks had made extensive preparations for their banquet and it was really a matter of great inconvenience to postpone the affair, but the members are of one mind in the belief that this action should be taken.

Cobs Offered Free

Robert Marshall, who manages the elevator at Markham, yesterday telephoned Mayor Crabtree that there was a large supply of cobs on hand at the elevator. Mr. Marshall said that any person who will send to the elevator can have the cobs free of all cost. There is quite a large cob pile and it will probably disappear quickly in view of this generous offer.

Two Families; One Roof

Mr. and Mrs. George Rogerson and Miss Dorothy Rogerson are now living in the home of Dr. and Mrs. H. C. Woltman on Webster avenue. It happened in this way: Mr. Rogerson has enough coal in his cellar for about three weeks and Dr. Woltman has a like amount. So it was decided to combine the families and burn up Dr. Woltman's supply first. Then, if the situation is unchanged, the both families will move into the Rogerson home.

Another House to Close

Within a few days Miss Eleanor Moore will close her home at 829 West State street and for a few weeks will have rooms at the residence of Mr. and Mrs. Otto May. Mrs. Ella Bradish, who is in Miss Moore's home, will go to the Dunlap hotel. This residence change was also brought about by the fuel shortage.

Can Cut Trees.

Every day brings offers of wood for fuel. Mrs. Henry Goebel, living at 1428 South Main street, told the authorities of South Jacksonville yesterday that there are several large trees on her property that anyone can have without cost if they will remove them. If conditions become more acute the fuel committee will later keep a list of all persons who make offers of this kind.

Here's Another Chance

Among offers of fuel made recently to the local committee is that of Messrs J. E. Osborne and Albert Hayes. They have a tract of timber 2 1/2 miles west of Murrayville. Mr. Osborne stated yesterday that two choppers will be given work Monday and that any person who wishes to buy wood there on the ground may do so at the cost of chopping. Others who wish to go into the timber and cut wood for their own use may do so without charge.

Notes.

C. A. Fiedler of the supply committee reported yesterday that the loading of one car of wood has begun at Naples. The committee has already noted, made a purchase of 150 cords, and has the right to take all or just a part of this amount.

After some discussion it was decided that the supply committee and the fuel committee will immediately together work out a buying plan and that the fuel will be acquired at once in sufficient amounts to afford protection.

The public seemed to be a little more comfortable yesterday over the situation and the belief has grown that some sort of a settlement will come in the not very distant future. However, there is nothing really tangible to bolster up such an opinion. It is a fact, too, that several dealers have been promised coal shipments for Monday and it is probable that the available supply this week will be considerably greater than on the opening days of last week.

There is as indicated, general observance of rules and regulations but there are a few persons or firms who are said to have failed to comply. The plan of the advisory committee is understood to be to visit these violators, explain the rules and learn their attitude.

MUST USE LESS PAPER

Publishers Face Shortage Situation Without Alternative—Fewer Pages and Higher Prices for Subscriptions and Advertising Predicted, Too, to Cover Cost of Production.

(By Herbert Corey)

New York—Smaller newspapers, better newspapers and higher priced newspapers is today's prediction.

There is not enough news print paper to go around. So the average newspaper must be made smaller in size. To atone for this reduction the quality is to be bettered by more careful editing. The price of the newspaper must be increased because the pennies paid by the subscriber today actually do not cover the cost of the white paper in many instances. Advertising rates must be increased not only because advertising has been sold at a ridiculously low price in relation to the service rendered, but for the further reason that, as stated by Frank P. Glass, president of the American Newspaper Publishers' association, "The cost of newspaper production has increased 100 per cent in the last year."

Generalizations Won't Fit All.

Newspapers are like people. Generalizations do not fit each individual. It may be that not every paper in the United States and Canada will increase its subscription price, decrease its size, and add to its advertising rates. But the prediction will stand as applied to American newspapers as a whole because of the change in conditions as a result of the war. Already the most important organizations of newspaper publishers have adopted resolutions to this effect. The situation being what it is, they had no option.

The shortage of print paper is compelling the reduction in size of the average newspaper. According to the investigation made by the A. N. P. A., this shortage will amount to two hundred thousand tons this year. The reason for it is very easily found. During the war the mechanical energies of America were turned to war purposes. It takes from eighteen months to two years to get a paper mill in operation after the first shovelful of earth is turned. Only one or two mills have been opened since the beginning of the war period. Those who would have embarked in the business could get neither the labor nor the machinery.

Big Shortage in Europe.

There was no considerable paper shortage on this side of the water during the continuance of hostilities. Several mills were able to increase their facilities—the total increase is estimated at 15 per cent on the before-the-war basis—and the American trade was thus supplied. The European demand was cut to an irreducible minimum. In France many papers were reduced to handbill size. Some went out of business altogether. The British papers were closely rationed and likewise reduced in size, though not to the extent forced upon France. The apparent inequality of treatment is due to the fact that there are more papers in France than in England. A dozen great papers practically serve the British Isles, whereas there were more than a score in Paris alone at the beginning of the war. Further, the English paper is primarily a vehicle for news, while the French sheet is often largely devoted to controversial argument.

Meanwhile the demand for the American newspapers had grown because of the appetite created by the war. The paper manufacturers were able to meet the demand, however, because the average paper was reduced in size through the lessening of advertising.

Great Advertising Campaign.

Look back at your favorite paper during the greater part of the war and you will find that it consisted largely of "pure reading matter." Cables, special articles, editorial discussion and the wonderful serial story of American activities filled its pages. The armistice came, and conditions were not materially altered. Then, with the very laudable purpose of bettering industrial conditions in order that the men to be demobilized might easily find work, the government suggested to manufacturers and merchants that they institute an advertising campaign in a big way.

They did—and it paid!

That is the explanation of a share of today's troubles. The increase in advertising, which had its origin in patriotic motives, began to pay huge dividends. More money was in circulation and was more widely distributed than ever before. For two years every good American had been more or less economical in order that he might buy Liberty bonds or give of his surplus to some philanthropy. Likewise, America had been saddened and disturbed and in no mood for even mild extravagance.

Public Bought More Freely.

But with the coming of victory buyers began to flock to the stores. They had to repair the gaps in their personal and domestic equipment created by their

partial failure to buy for years past and they bought more freely than in the period before the war.

Therefore, the advertisers increased their advertising space. American newspapers swelled to huge proportions. A paper in one lively inland city often ran to a hundred pages in an issue. A metropolitan paper published a Sunday paper of 140 pages. The natural result was that the newly made paper was taken as fast as it could be turned out by the mills. Today it is estimated that

10 per cent more paper is being used than is being made. That means that the reserves are being eaten up. Today there is almost no reserve stock. If consumption persists at the present rate the time must come when some papers will have no paper at all—or else all will have less paper than is needed and could be used.

Half the print paper of the United States is used by the papers of the greater cities and the other half by the smaller dailies and the country weeklies. The outlook is that all will be asked to scale their printed output so that print paper may be found to give each enough to get along on.

There have already been suspensions and combinations because of this condition. It is worth noting, however, that there has been practically no criticism of manufacturers. The paper men are doing all in their power to increase production, but they can do little overnight. For years the "paper trust" was fought editorially and hammered in con-

gress. However well founded the criticism of the trust may have been, the net result was to hamper the expansion of the paper making industry so that today there are not enough mills.

Your Christmas Shopping

You are now thinking of presents for your friends. Of course you are thinking of the useful and practical sort, the kind that will be appreciated.

Make some of your friends happy with foot wear of some kind. Perhaps some child could use a pair of shoes or house slippers. Some adult could use a pair of dress or comfort shoes, a pair of house slippers in felt or leather.

More and more footwear is being considered an ideal Christmas gift. When you are undecided and do not know just exactly what to buy, just think of footwear, there are so many kinds, some of your gifts can be some kind of footwear.

Large assortments of footwear await your inspection. If it is to be slippers, buy early, is our advice.

REDDISH TRIAL TO ENTER SECOND WEEK

DEFENSE WILL CONTINUE TESTIMONY MONDAY

Promise Additional Proof That Accused Man Was Not in Jerseyville on Night of Murder—Tenants Tell of Friendly Relationship Between Father and Son.

When the morning session of the circuit court was concluded Saturday Judge E. S. Smith adjourned the hearing of the Reddish murder case until Monday morning at 9 o'clock. This action was taken particularly in order to permit attorneys and witnesses to return to their homes over Sunday. The defense presented fifteen or more witnesses Saturday morning some for the purpose of establishing the time at which Dr. Reddish accused of the murder of his father, made the announcement in Alton of the death of his parent.

The line of testimony that the defense developed thru other witnesses sought to show that the relations between the father and son were at all times friendly. Some of the witnesses told of visits that the father and son made to the Reddish farms thru a period of years. However, the state was able to show that on most of these trips that the accused man drove the car and that most of the inspecting of the farm lands was from the car, and that when Stephen Reddish walked over the lands that he was unaccompanied.

Attack Heller Testimony. None of these witnesses had any personal knowledge of the disagreements between father and son and none of them heard them talking over financial transactions. Along this line the most important testimony introduced by the defense was to present a variance in the testimony of Mr. F. D. Heller, Jerseyville banker, who previously testified that he overheard a conversation in the back room of the bank between the elder Reddish and his son, wherein because of the refusal of the father to sign a note the son declared he would "get even."

Miss Evelyn Reynolds, court stenographer of Jersey county, on the stand produced notes to indicate that at the preliminary hearing Mr. Heller did not testify directly to hearing any threatening statements, although he did tell of the dispute between the father and the son over the question of a note.

A Question of Time. The witnesses the defense presented in the effort to establish the time at which the accused man told Dr. Giberson of Alton about his father's murder were young people from Wood River. They were high school pupils who had been to Alton on some investigations in connection with their class room work. They testified to seeing a man coming out of the office of Dr. Giberson about 12:20 and it is the claim that this man was Dr. Reddish.

Among the witnesses of the day were Miss Evelyn Reynolds, Condon Grenzebach, Maurine Morgan, Ruth Anderson, Avia Springer, Mary Thompson, Catherine Fleming, P. J. Fleming, Henry Shaw, George Medford, Stephen Healey, Ross Healey, Edward Haushalter, Minnie Campbell and Gus Campbell.

Seek to Prove Alibi. Indications are that the defense will not finish the taking of testimony before Monday afternoon or Tuesday morning. Then will come a period of rebuttal and it is therefore quite certain that the case will run thru a number of days of the coming week of court.

It is understood that the defense will lay particular stress upon an effort to prove an alibi for the defendant on the night of the alleged murder. Mrs. John Mackelden, aunt of the defendant, is expected to take the stand to give evidence on this point. Reddish when in St. Louis stayed at the home of Mr. and Mrs. Mackelden.

Attorneys for the accused physician as the testimony is showing, seek to prove that he was not in Jerseyville on the night of the murder and that there was an ab-

sence of motive since the relations between the father and son were so cordial.

Judge Smith had Circuit Clerk Boston notify jurors summoned for the fifth and sixth week of the term that they need not report in court until Wednesday at 9 a. m.

MORE LOCAL TRAINS ARE DISCONTINUED

Facilities for Leaving and Reaching Jacksonville Are Further Curtailed—One Train Each Way on C. P. & St. L.—Two Trains Discontinued on Wabash Thru Here.

Facilities for leaving and reaching Jacksonville insofar as railroad service is concerned will be further curtailed beginning Monday at 12:01 a. m., when the C. P. & St. L. and the Wabash will each discontinue two trains that affect locally.

An order was issued from Springfield yesterday which discontinues train No. 35 and 38 between Jacksonville and Havana. Train No. 35 is the train from Havana arriving here at 11:39 a. m., and No. 38 is the one leaving here at 3 p. m. There are other changes on the Chicago and Alton but none of them apply to Jacksonville train service. Wabash agents have received notice of the discontinuance of the Springfield-Quincy accommodation No. 53, west bound, leaving Jacksonville at 6:34 a. m. and the Quincy-Springfield accommodation No. 52, east bound, due here at 5:49 p. m. The Decatur-Quincy Express trains Nos. 3 and 12 will do local work, making all stops between Springfield and Quincy.

All of these changes have been made, the management announces, because of the fuel situation. There are rumors of a curtailment of the local service on the Alton between this city and St. Louis, but no official order has as yet been received.

MINISTERS WILL BACK ADMINISTRATION

Take Action at Meeting Held Saturday—Will Aid City in Every Way in Conservation of Coal—Union Services in Morning at Central Christian Church.

The ministerial association of the city met yesterday morning in the Ayers National bank basement to consider the matter of complying with the recommendation of the special committee as announced in the Journal in the morning. In the absence of the president, Rev. A. A. Todd, vice president, occupied the chair.

The sentiment of the meeting was loyalty to the city administration and fuel committee and at the same time to take carefully into account all phases of the question. It was suggested that too often the churches had been considered of far too little importance and had been side tracked and set aside for less important enterprises. The welfare, moral and religious of the community rests largely with the churches and they should be regarded as a very important enterprise and not secondary to movies, theaters, soft drink parlors and the like.

On the other hand was suggested that many of the places not wholly closed are the means of livelihood for many persons and to close them would deprive many persons of means of subsistence. It was finally decided to have the morning session occupied and to have the west side services in the Central Christian church with Rev. T. H. Hull, preacher. All members of other churches may bring their envelopes for their own church contribution and they will be given to the officers of the respective churches; loose change will go to the Christian church for the expense of the service.

It was decided to have the various Sunday schools all meet in the Christian church and Rev. M. L. Pontius, Rev. W. H. Marbach and Chas. D. Mathis, a committee to arrange for their accommodation in separate places or parts of the church. A number of ministers present thought possibly they would arrange to have the infant and primary departments meet at private homes and such arrangements will probably be announced as made.

The meeting decided to add an expression of their urgent desire to have the governor take control of the coal mines of the state or in some manner help solve the present difficulty and to that end Rev. Messrs. Collins and Spoons were appointed a committee to prepare the resolution and present it.

It was decided to have a committee from the association to confer with the city fuel committee regarding the future of church services and Rev. Messrs. Pontius, Spoons and Hull were made that committee.

It was suggested that in the future it might be practicable to have regular services in basements or lecture rooms where but very little fuel would be used and at the same time maintain regular services. No action.

Social Events

Elite Club Danced

Saturday Night. The Elite Club danced at Deffen's hall Saturday night. The affair was in the nature of a Japanese lantern dance, the lighting being furnished by lanterns coupled with candles. Sixty couples were present and music was furnished by Labby's Jazz Band.

Miss Laura White Gave

Announcement Party.

Miss Laura C. White entertained the teachers of David Prince school at dinner at Colonial Inn Friday evening at which time announcement was made of the engagement of Miss Alice Gunn to T. L. Stein of Chicago. The bride to be is the daughter of Mrs. Nellie Gunn, residing west of the city. The wedding will take place on New Year's day. Mrs. H. L. Griswold of this city and Mrs. W. T. Dasey of Schenectady, N. Y., were also guests at the dinner.

Held Joint Session.

Mrs. H. P. Obermeyer entertained members of the Missionary Society of Westminster church and the Guild of that church Friday afternoon at her home on West Lafayette avenue. An Americanization was the theme of a very informing address given by Dr. Marion Humphreys of Springfield, who is the Presbyterian evangelist. A social hour with refreshments followed the excellent address.

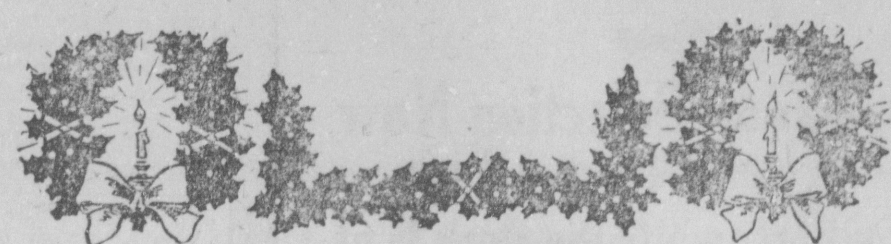

Jacksonville College

Held Meeting Saturday. The Jacksonville College club held its regular meeting at Illinois Woman's College Saturday afternoon. The weather conditions were not favorable there was a fair attendance of members. There were three speakers on the program. Miss Austin, dean of Illinois Woman's College spoke of Service for Women. Miss Mary Wadsworth told something of her experiences in hostess house work. Miss Edna Strohm of Chicago, Illinois Director of the Educational financial drive of the Y. W. C. A. was present and gave a splendid talk on the coming campaign. The club passed resolutions to stand back of the Morgan county chairmen and aid in every possible way. A social hour followed the business session when Miss Audry Berryman and a committee of twenty members of the club were hostesses. The next meeting probably will be held January 24, 1920.

WINCHESTER

Winchester, Dec. 6.—Mrs. Mike Heirman of Arenzville, arrived Saturday to visit her parents Mr. and Mrs. William Evans.

Mr. and Mrs. J. C. Neat are visitors in St. Louis this week. The box social given at the Hart school house Friday night of last week, where Miss Ruth Reeder is the teacher, was quite successful. The sum of \$45 was netted thru the entertainment.

The socials are greatly enjoyed by many of the patrons of the schools and help the schools financially very much.

Samuel Kimbey, the florist of White Hall, was a business visitor in Winchester today.

Mrs. Edward Rohrig left Saturday for Jacksonville where she will remain for several weeks.

Mrs. J. J. Trotter of Pittsfield is visiting at the home of Mrs. Martha Faul.

Mr. and Mrs. Warren North and son Clyde were visitors in Jacksonville, Friday. Mr. North had the misfortune to slip and fall as he was leaving one of the stores there, injuring his left shoulder. While not confined to his home, the injury is painful and probably will be some days before he is able to use his left arm again.

STRIKERS REMAIN IN COUNTY JAIL

Pittsburgh, Pa., Dec. 6.—Seventy-one steel strikers, arrested yesterday at Donora, Pa., charged with conspiracy and intimidation in preventing workmen from working in the mills there, were still in the county jail at Washington, Pennsylvania, according to advices which reached national strike headquarters today. The other 27 arrested were released on bail last night.

"We are not making any attempt to have the men released on bail," said William Z. Foster, secretary of the national committee, "we are leaving that matter to the local organizers for the present. I understand some of the men take the position they have done nothing wrong and don't want to be released on bail. I believe efforts will be made to secure the release of William Rodgs, the Donora organizer who was arrested."

GOOD DAY FOR LAMPS AND CANDLES

Yesterday was one of the best days for lamps and candles the merchants have seen for a long time. One house bought four dollars worth of candles and another a lot of lamps. The Ayers National bank stocked up with the fine gasoline lamps which make a light surpassed by none.

THE AMERICAN LEGION.

By JAMES D. FOSTER.
Service men of central Illinois believe that a dollar is a dollar—but that it is only worth about fifty good United States pennies, according to the manner and means of expenditures of the present time.

During war time service an "iron man" looked like the side of a "battle wagon" to a number of men, and often the possessor squeezed the dollar so hard and for so long that the nose on the forehead of Liberty started to bleed, or else the Eagle Screamed. The motto "In God We Trust," was remodeled a bit to fit barracks and camp conditions, with the addition, "All Others Cash."

Now that the service men have passed thru a year of the reconstruction period many of them find they have their leg in a hole and that it is being pulled for the collateral they have gathered in being released or discharged from government service. Many of them also realize that last year they did not buy Christmas presents, nor the year before.

This year they find that upon giving the "pretty and useful" gifts the once over that the prices are just about half over the amount they should be according to the financial rating of the service men.

Naturally the men of the army and navy are therefore more anxious than ever to get some information regarding their wrongfully called "bonus pay" which in reality is back pay—as it was all earned. Military regulations require the title of bonus pay "to make you believe you are getting something for nothing," as one service man translated the meaning.

At the present time congress has literally a slew of proposed bonus pay bills, the least asking \$20, while others are unlimited. The one in greatest favor among the Republicans and Democrats is the six months' pay bill which was promoted by the Hearst papers, thru the petition plan. Over 6,100,000 signers approved the Hearst petition for six months' pay for service men. The petition was presented to the house and senate last summer.

Since that time a number of state legislatures and bodies have endorsed the six months' bonus proposition by communication with congress.

It is generally talked among the members of the house, according to reports that there will be all sorts of parliamentary maneuvering to prevent legislation from coming up on the floor. Committee action, however, will probably be brought in to the limelight by the demand of the people. Once the matter reaches the floor there is very little doubt but what it will receive a favorable vote.

The ability of friends of former service men to get the matter upon the floor of the house will have a great deal to do with the non-execution—or execution of the bill.

In the last session of the proposition was dodged, the evident reason being that the house and senate wanted to hear the voice of the American Legion in its first national convention—which politicians undoubtedly held back in an effort to make the "bonus pay" subject one for coming political platforms. The American Legion passed a resolution not requesting, and not demanding, but suggesting—that bonus pay be given former service men and women of all branches, who had an honorable discharge, regardless of their grade or rank, but to be based on the length of service.

Now that the American Legion has expressed itself, future action is up to the members of the house and senate who have much to do for former service men who are hitting the line hard, after leaving the service in a uniform with a pocket full of "Screaming Eagles" who were loosened upon his return to civil life.

The most effective action certain members of both legislative bodies could make at the present time would be to "put over" the bonus pay bills—and again gain the good will, at least temporarily, of the service men who accumulated nothing but knowledge and experience while in the service, at his own expense. Bonus pay would just about provide an "even break" for many who lost three times as much money due to absence from the civil life positions, as they made in the army.

And yet, there are "kickers," who remained in civil industries during the war, worked eight and ten hours, at high rate of pay and secured extra money for overtime in addition to a bonus pay, and double time for Sundays. Bonds were bought—and by the service men also—yet the knockers and "kickers," many of them of this community, continue to bruise the hammer and punish the anvil—either from personal or factional reasons, or—just natural-born selfishness.

THE WOODSON

UNITY MESSENGER
The December number of the Woodson Unity Messenger, edited and published by Rev. A. E. Powell, pastor of Unity Presbyterian Church, is an ambitious and successful venture. He has for this number a specially fine cover in colors, while the contents are praiseworthy. A kindly word is given the enterprise of the neighboring Christian Church people who are having a basement and community room constructed under their church edifice; some local news of an interesting character is given and a fine assortment of editorial and selected articles for both old and young fill a goodly number of pages. The issue is specially adopted to the Christmas season.

A FINE HOME

The farm Chas. J. Ashbaker purchased a year or so ago from Routt College is now one of the most comfortable and beautiful homes in the county. Mr. Ashbaker has put in modern improvements including the Delco lighting system, a handsome garage, large barn and quite a lot of plumbing. Beautiful concrete walks were laid. The interior of the house is finished in yellow pine and heat is supplied by a Caloric pipeless furnace which is very comfortable.

Mr. Ashbaker and family are pardonably proud of their fine home.

A 20 Pay Policy is an ideal Christmas gift for your son. I have insured his friends.

Foreign Missionary and Ladies' Aid Societies of M. P. Church Met Jointly—Basketball Team Organized—Other Items From Bluffs.

Bluffs, Dec. 5.—The Foreign Missionary Society met in the basement of the M. P. Church in joint session with the Ladies' Aid of the church Wednesday afternoon. A goodly number was present and ten new members were enrolled, making a total of 27. After the business session, Mrs. S. M. Carver, chairman of the program committee and first vice-president read two splendid selections from the "Missionary Record". Mrs. C. L. Kendall, was appointed as treasurer to succeed Mrs. Anna Oakes who is to serve as third vice-president. Light refreshments were served by Mesdames Anna Oakes, James Hamilton and E. D. Beird. The next regular meeting will be held at the home of Mrs. Anna Oakes, Wednesday afternoon, December 11st at 3 o'clock.

Mrs. Janie Woodson was a Jacksonville caller Tuesday. Miss Winifred Ashley is the guest of relatives in Springfield. A basketball team has been organized under the leadership of

Miss Zeta Merriss from the Fifth and Sixth grades. They will play their initial game at the school gymnasium Thursday evening.

The ladies of the M. P. Church will serve dinner at the parsonage Thursday for those who attend the all-day ministerial meeting of the Quincy sub-districts.

Mrs. Richard Nortrup who had her collar bone broken in an auto accident several weeks ago is convalescing and is able to be out again.

A short time since Walter Nortrup who has returned from overseas received a letter from his mother stating that his Christmas box had been sent to him. The letter arrived at the Bluffs post-office one year after it had been written, but the box which, at his request contained only Hershey's Chocolates has not yet arrived.

The Ministerial meeting to be held at the M. P. church Thursday was postponed indefinitely as the main speaker for the occasion failed to arrive. Those who came to attend the meeting had the pleasure of an excellent dinner at the parsonage, prepared by the ladies of the church.

Mrs. J. E. Sikes was called to Kinross Monday by the serious illness of her father, William Austin.

Mrs. H. Vanier and children spent Thursday with Harrison Auerich and family in Meredosia.

FIRST WEEK, 5 EGGS;

Hens Showed Steady Egg Gain for Mrs. Pierce in Winter Weather.

"The week before we tried Don Sung, we got 5 eggs, from 50 hens. The next week, from a 50c package of Don Sung, we got 72 eggs, and the next week 104. Some of our hens are mere pullets and Don Sung has started them laying."—Mrs. B. F. Pierce, R. F. D. 1, Butler, Tenn.

Mrs. Pierce selected a severe time for her test—the middle of January. Yet she started getting the eggs promptly. Your hens can lay well in cold weather, and we'll prove it. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.—Adv.

Mrs. Rose Clark Hostess to Members of Club—Surprise Party for Mrs. Livingston—Other Chapin Notes.

Chapin, Dec. 6.—The Household Science club held its regular meeting with Mrs. Rose Clark on Wednesday afternoon, Dec. 3 with nineteen members and three guests present. The program opened with the club song, Illinois.

The roll call was then answered to with Christmas suggestions. A very interesting paper was then rendered by Mrs. E. O. Coulter on "Indian Legends and Superstitions."

The discussion, "Christmas Candles" was led by Mrs. Dan Smith. Mrs. Florence Smith Cooper being absent.

The club was then favored with music, after which the social hour was much enjoyed by all. The hostess then served a delightful two course luncheon.

The next meeting will be held with Mrs. B. J. Taylor on December 17.

Mrs. Phil Braner of Jacksonville spent Thursday with her father, William Waters.

Mrs. E. F. Antrobus returned home after an extended visit with her daughter Mrs. Harold Bisch of Springfield.

Alden Allen returned home from Gem City business college in Quincy. School was dismissed for a while on account of shortage of coal.

HE QUIT CIGARETTES

A wonderful relief from slavery to cigarettes is reported by Chas. Ohnesorge, who had been addicted 14 years, and after trying various so-called cures in vain found just the information he wanted in a book published by Edward J. Woods, TC-31, Station F, New York, N. Y. Thousands of persons, both sexes, who were addicted to cigarettes, pipe, chewing, snuff, etc., have been gladdened by this free book. Getting rid of tobacco habit often means better health, calm nerves, peaceful sleep, improved eyesight, stronger heart, increased physical power, clean breath, LONGER LIFE, greater earning efficiency, contentment and other benefits. Just try it. Surprise everybody by awakening your latent superior ability. Show others this advertisement.—Adv.

Dance Music on the Gulbransen assures a Successful Party

You will need to do some entertaining this fall and winter. Everybody wants to dance. Consider the help you will get from a Gulbransen Player-Piano.

You can always depend upon the Gulbransen for good dance music—the latest jazz songs, the old favorites. It offers a larger repertoire than any orchestra.

Its full piano tone is ample and inspiring. It makes you independent of hired talent, saves you money, keeps your parties delightfully informal.

And everybody can play the Gulbransen with all the zip and swing you could ask. It is quite the thing to take a turn at it while resting from dancing. The Gulbransen is so Easy to Play it will not tire you.

In fact, a tiny baby once crept up to the Gulbransen and, so gently do the pedals operate, the baby played it just as shown in the picture below. That is where they got the idea for their trade mark.

But the Gulbransen is not only easy to pedal. It is easy to play well, expressively, sympathetically, brilliantly—as suits the occasion. It gives you a new idea of player-pianos.

Go to the Gulbransen dealer and try a Gulbransen. You will find him by the Baby at the Pedals in his window.

Natski Blood Purifier

Possibly you are one of the many persons that have suffered years with Rheumatism—possibly you have tried many remedies without avail. There's a man in Moweaqua, Illinois, who has discovered the relief for rheumatism. This claim is not without proofs, for below we print three of the many letters we have received about Natski Blood Purifier. Read them each thoroughly:

ALL ACHES AND PAINS GONE

Read What this Moweaqua Man Says Natski Blood Purifier Did for Him

Moweaqua, Ill., Aug. 23, 1918.
Having suffered with rheumatism for two winters and having tried several physicians and different kinds of medicine, Natski Blood Purifier was recommended to me on a "money back" guarantee.

After taking seven bottles of this medicine have not been bothered with a rheumatic ache or pain since.

BERT TOLSON.

ASSUMPTION, ILLINOIS MERCHANT IS CONVINCED

To Whom It May Concern: On the 28th day of February, 1918, I was taken down with rheumatism and lay in bed six weeks unable to move. As soon as I was able to get up and around, I went to take mud baths which helped to some extent. I was still unable to raise my hands and had considerable trouble in getting around when I discovered Natski Blood Purifier at Or. Johnson's Drug Store. After taking a few bottles of this medicine I felt a decided change for the better and at the present time I am able to do any of the work that has to be done in the store.

Try it my friend and be convinced.

F. B. EAGER.

MOWEAQUA FARMER CONVINCED

To whom it may concern: I have suffered for ten years with rheumatism and for 2 years before this spring, I could not put on my coat and vest without help and for months I took osteopathy and electric treatment and was not helped. In the spring of this year Natski Blood Purifier was recommended to me, and after taking three and one-half bottles all rheumatic pains left me and while I have continued the occasional use of it since and have had no recurrence; have done any kind of harvesting, haling hay and other heavy work about the farm, which I had not been able to do for two or three years.

ADAM ELLRICH.

Your local Druggist has purchased a supply of Natski Blood Purifier for your community. Go to him today for your first bottle. If he cannot supply you, write direct to the Company for it. Don't delay another moment when you can so easily have relief. What it has done for others it will do for you.

Price \$1.50 per bottle.

Digestion Perfect. Now, Sleeps Like a Child, Feels Bright and Cheerful.

"Tanlac just seemed to give me a new lease on life," said Mrs. Gertrude Genseal, who resides at 716 North Adams street, Peoria, Ill., recently.

"I had a severe case of stomach trouble for three years, and had a very poor appetite," she continued. "I never felt like eating, and what little I did manage to force down would nearly kill me. Gas would form on my stomach and I would have severe spells of cramps that would lay me up for days at a time. I would have the worst sort of headaches, and I felt tired and fagged out all the time, and my limbs ached so it was all I could do to get about. My nerves were all upset and it was impossible for me to get a good night's sleep, and I would get up in the morning and begin the day's work as tired as when I went to bed."

"A friend of mine got me to try Tanlac, and it surely was what I needed. My stomach does not bother me any more and I have a fine appetite. I am always hungry and eat anything I want and what I eat agrees with me perfectly. I am never bothered with gas or these dreadful cramps and I do not know what it is to have the headache now. I have gained twenty two pounds in weight since I began taking Tanlac, and I feel so strong and good all the time my work is a pleasure to me. My nerves are so calm now that I sleep like a child, and get up in the mornings feeling bright and cheerful. I am in perfect health now, and I owe it all to Tanlac."

Tanlac is sold in Jacksonville by Coover & Shreve; in Mercedosa by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by Wyle Drug Co.; in Woodstock by The Hoy Pharmacy; in Chapin by Jno. Onken & Bros.; and in Alexander by Frank J. Kaiser.—Adv.

PROGRAM FOR HOME ECONOMICS INSTITUTE

The Morgan County Home Economics Institute to be held at the Illinois Woman's College December 15, 16 and 17, gives every promise of fulfilling its two-fold purpose—to give a program which will be immediately beneficial to the women of the county, and to initiate an organization which will bring to them continuous expert assistance in their problems. The program as planned seems designed to meet the needs of the woman whose profession is home-making, in all the lines of activity—feeding the family correctly, and clothing it economically, and seeing that this same all-important family has something enjoyable to do during leisure time. It is scientifically and socially correct information which will be given at the various meetings.

Miss Juliet Lita Bane of the Extension department of the University of Illinois, and Miss Nina B. Crigler, Food Specialist in the same department, will be the principal speakers.

Miss Bertha M. Jones and Miss L. Storrs of the Home Economics faculty of the Woman's College will also give talks and demonstrations, and one of Miss Ruth E. Hills' classes in cookery will give a demonstration in table service. The morning meetings will begin at 10:30. No admission fee will be charged and all of the women of the county are invited.

One of the chief topics of interest to the women of the county which will be taken up at the Institute is the organization of the Home Bureau. This is an organization of the women of the whole county who are interested in home-making and the community in which they live. Its purpose is to help the women work out their home problems and to bring to them the most up-to-date methods which are the results of experiments and science. The place to work out home problems is in the home, and the results should be used to help other women. Although a small club can do good work, this organization is capable of doing even more, because it is vitally connected with the State Extension department which employs experts whose business is to help in solving the problems which the women bring to them. The Home Adviser is employed by each county and she devotes her time to problems of the clubs in the various communities as well as helping individual women work out their problems. She keeps in close touch with the Extension department and takes special problems to it for solution and they send experts to her county to help in special problems. Miss Bane, who is Assistant State Leader in the State Extension Department will tell of the Home Bureau in detail.

The exact program of the Institute follows:

Monday, December 15—Afternoon at 1:30.

Welcome—Dean Austin.

Cold Pack Canning of Fresh Meats—Bertha M. Jones.

Home Making as a Profession—Juliet Lita Bane.

Tuesday Morning, December 16 at 10:30.

Doctor Tells How to Detect Harmful Effects of Tobacco Try These Simple Tests

New York: Doctor Connor, formerly of the Johns Hopkins hospital, says many men who smoke, chew or snuff tobacco, when afflicted with the system, are suffering from progressive diseases. Thousands of them could never have been afflicted had it not been for the use of tobacco and thousands would soon get well if they could only stop the use of tobacco. The chief habit forming principle of tobacco is nicotine, a deadly poison which, when absorbed by the system, slowly affects the nerves, membranes, muscles and vital organs of the body. The harmful effects of nicotine are: It depends on circumstances. One will be afflicted with general debility, with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental depression, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, tuberculosis, blindness or even cancer of the colon. An affliction known as tobacco heart.

If you use tobacco in any form you will detect its harmful effects by making the following simple tests: Read aloud a full page from a book. If your voice becomes hoarse and indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of very serious catarrhal trouble. Next, in the morning, before taking your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, if your heart beat is forced, trembling or irregular, you may be the victim of a functional or organic heart trouble. If you feel that you must smoke or chew to quiet your nerves, you are a slave to the tobacco habit and are slowly poisoning yourself with the insidious, deadly drug, nicotine and furtive. In either case, you have just two alternatives—keep on with your self-poisoning process regardless of the dangers, and suffer the consequences, or rid yourself of the habit and escape the dangers.

You can overcome the craving and stop the tobacco habit in a very short time by using the following inexpensive formula: Go to any drug store and ask for Nicotol. Take one tablet after each meal and in a comparatively short time you will have no desire for tobacco. The craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve.

NOTE—When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit; away ahead of anything we have ever sold before. We are authorized by the manufacturer to refund the money to every dissatisfied customer, and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol tablets are sold in this city under an iron-clad money-back guarantee by all up-to-date druggists. Inquire of Armstrong & Armstrong and Coover & Shreve.—Adv.

TO COUNTY FARMERS CLUB MEMBERS

County Agent G. B. Kendall has issued the following letter to members of the club:

Ten Ways to Kill an Organization

1. Don't come to the meetings.
2. But if you do come, come late.
3. If the weather doesn't suit you, don't think of coming.
4. If you do attend a meeting, find fault with the work of the officers.
5. Never accept an office, as it is easier to criticize than to do things.
6. Nevertheless get sore if you are not appointed on a committee; if you are, do not attend the committee meetings.
7. If asked by the chairman to give your opinion regarding some important matter tell him you have nothing to say. After the meeting tell everyone how things ought to be done.
8. Do nothing more than is absolutely necessary, but when other members roll up their sleeves and willingly, unselfishly use their ability to help matters along, howl that the organization is run by a clique.
9. Hold back your dues as long as possible, or don't pay at all.
10. Don't bother about getting new members. "Let George do it."

—County Agent Charles A. Taylor, New York.

A HANDSOME COMPLIMENT

A recent number of the Sikes-ton, Mo., Herald says:—

A musical recital was given by the pupils of Miss Inez Huckleby last Saturday afternoon at the home of Mrs. A. B. Skillman. This is the first recital to be given by her pupils and credit is due all who took part for the manner in which the children played. Miss Huckleby has a large class of music pupils. She is also organist at the Methodist Church, where her work is much enjoyed by the worshippers of that church. Miss Huckleby will continue to give these recitals in order to get her pupils accustomed to playing in public. Quite a large number of parents and friends of the pupils heard the recital last Saturday.

BECOME SLENDER

A Simple, Guaranteed Method

If you would like to lose weight, from one to five pounds of burdensome fat while eating and drinking all you need, also enjoying life far better than at present, just follow this advice:

Take seven deep breaths of fresh air each morning and evening; after each meal take a little oil of korein; eat all you need, but chew thoroughly, and follow other simple directions of the guaranteed Korein system.

Men and women who were waddling around with heavy, sluggish bodies have, in many cases, reported a gradual, agreeable reduction of thirty to eighty pounds, with wonderful benefit to health and figure. This very season is the time to become slender, attractive, vivacious and healthier, very easily. Get oil of korein at the druggist's; it comes in capsules, convenient to use and is now sold at before-war low price. Weigh and measure yourself week to week. You can scarcely realize the joy that awaits you in normal symmetrical figure, with good health and longer life. Show others this advertisement.—Adv.

Newspaper Articles

During the past year we have written 175 newspaper articles to let the public know what we are doing. These have been published in the Jacksonville Daily Journal, Jacksonville Courier, Franklin Times, Murrayville Tribune, Waverly Journal and the Mercedosa Budget. The two dailies in Jacksonville have had two or three articles from this office each week. We thought we were keeping the membership informed as to what the Morgan County Farmers Club and the County Agent were doing but have recently found that several of the members of the Farmers Club have never seen a newspaper article written by the County Agent. It is simply impossible to tell everything that is going on thru circular letters and we must continue to use the public press in the future as we have in the past. If you are thoroly interested in the work of this county organization, glance thru the columns of the county papers each week and see what the county organization is doing.

Personal Services of the County Agent.

As a matter of general policy the county agent aims to give the members of the Morgan County Farmers Club the particular assistance asked for by the members. In many cases members have asked for assistance time after time. We appreciate this cooperation. Others have never called at the office, never attended a meeting and never asked for service of any sort and are disappointed because they have not received any service. There are still others who would ask for the services of the county agent if they knew what to ask for. As indicated above, ask for whatever assistance you think it is in the power of the county agent to give. We are listing below a number of things that the county agent has done for individual members:

Sold clover seed.
Advised treatment for black leg.
Told how to seed alfalfa.

"SHOP EARLY"

Has Been the Slogan for Many Years

"SHOPPING EARLY" has meant greater satisfaction to patrons. It gives the buyer more time to examine prospective purchase and affords the salesman better opportunity to give service.

"SHOPPING EARLY" this year means much more—conditions have been such that for a long time it has been impossible to obtain many of the desired articles on re-orders.

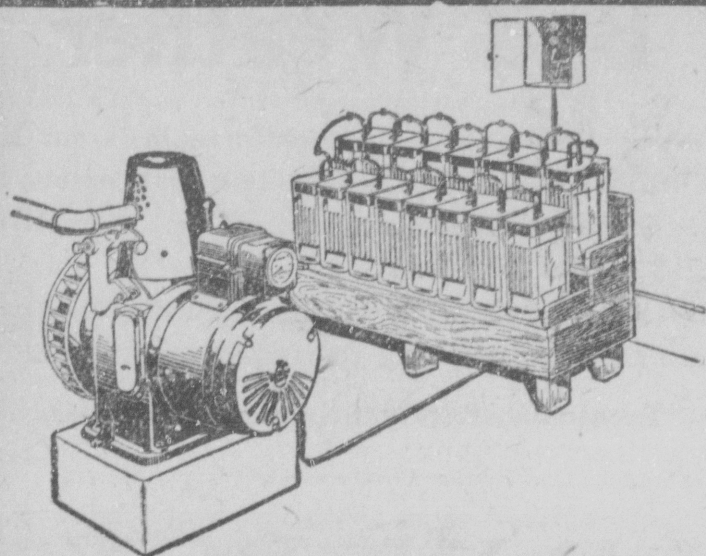

AND NOW, with the almost certain prospect of fewer hours allowed each day in which to do your gift buying because of the fuel shortage, the real significance of the "SHOP EARLY" slogan will be appreciated.

EVERY READER of this advertisement knows from personal experience in past years what procrastination in gift buying means, and has vowed "never again." So why not visit us tomorrow?

Why Go to Surgical Hospital?

Reasonable Conclusion—

If your eye fails—you go to an oculist. If you have appendicitis—you call a surgeon—because they know best and can give you the best results. Likewise a surgical hospital is especially fitted and equipped for surgical work.

Partial Record of This Hospital—

Out of 2710 cases only 24 deaths—less than one per hundred. Out of one hundred and eighty-six consecutive operations for appendicitis alone—only one death.

From County Agent's Office

Burn the Chinch Bug—All county agents in that part of the state infested with chinch bugs are agreed that every effort should be made during the next four months to burn the chinch bugs in their winter quarters. In connection with this work the following figures giving the results of our experimental burning work last year, and the counts of bugs hibernating in different types of cover, show what can be done and where to burn.

Examination of eleven fields of standing corn stalks in the most heavily infested area of the state showed an average of only one bug to every two hills of corn in 550 examined. The average number of bugs found in hedges, bunch grass, briar patches, etc., was 236 per square foot, in 110 square feet of cover examined.

From these figures there can be no question as to where to burn. Certainly not enough good would be done by burning the corn stalks to pay for the labor involved, to say nothing of the fertility lost by destroying the stalks.

The average percentage of chinch bugs killed by burning in all types of cover was 82 per cent, showing that this means of destroying the bugs is very effective.

According to the estimates of the county agents, 23 per cent of the chinch bug hibernating quarters were burned over in ten of the most heavily infested counties. Let's make it at least 75 per cent this year—or better, 100 per cent.

Every female bug killed now means 150 less in the wheat next spring, and 11250 less in the corn next summer. Two thousand bugs can easily destroy a hill of corn.

Let's Get Busy!

Wesley P. Flint,
Chief Field Entomologist.

Cost of Producing Corn, Oats, Wheat and Clover—At various times the county agent has been asked to give the cost of producing an acre of corn, oats, wheat and clover. The farm management department at the College of Agriculture, has recently given us figures on the cost of producing each of these. Corn is given as \$34.39, oats \$27.27, wheat \$33.90 and clover \$25.70. The details may be seen by calling at the Farm Bureau Office in the Court House.

Barberry Inspection—Mr. Schultz of the United States Department of Agriculture, has spent several days making a survey of the barberry still remaining in Morgan County. By going in the back yards in Jacksonville he found a lot of them. These people will be served with a notice by the U. S. Department of Agriculture, to get rid of the bushes or else have them removed at their own expense. There is now a state law which authorizes this procedure.

Assistant State Leader Visits Farm Bureau Office—Vern Vaniman, assistant State Leader of County Agents visited the Farm Bureau office on Thursday. Mr. Vaniman was on his way to Brown county to assist in the organization of a Farm Bureau there. Scott County is also interested in the organization of a Farm Bureau. Mr. Vaniman will return to Jacksonville Dec. 15th, when the annual election of the officers for the Morgan County Farm Bureau will be held.

PROBATE COURT

In the estate of Isaac Tindall, additional inventory was filed and approved.

The will of Miss Mary Jones was offered for probate and the hearing set for January 29.

You want

where you want it!

If you want good light for reading, you want it right down where it will fall on your paper—not where it will strike your eyes. You can have good electric light—have it in just the right place—if you get the right sort of a portable lamp. We'll see that you get a lamp which will be an ornament to your home; at the same time it will be practical. You will get really intelligent service if you buy all your electrical goods at our electrical shop.

NOTES CONSERVATORY

* There will be a Students' Recital on Saturday afternoon, Dec. 13th at two o'clock. The public is cordially invited to attend.

Mr. Munger played a group of piano solos at the Annual Open Meeting of Sorosis given at the residence of Dr. Milligan on Friday evening, December 5th.

Miss Forrester's recital in Vandalla was most successful, and received much commendation from the members of the Woman's Club both for her singing and her violin playing.

A Students' Recital will be given next Friday afternoon, December 12th, at four o'clock. The public is invited.

Illinois College has been the recipient of a gift from Mrs. E. W. Blatchford, of Chicago, in the shape of a pipe organ, which will be installed in Recital Hall in the near future.

At the open meeting of the Country Club of Sinclair last Thursday evening, December 4th, readings were given by Miss Esther Rankin, student under Mrs. P. C. Thompson, and vocal solos by Misses Ruth Armstrong and Nora Young, of Mr. Keep's class.

Miss Forrester's program at Vandalla last week was as follows:

Sonata in G minor (violin)....
Tartini—Andante—Presto—
Largo—Allegro

Aria; from "Herodiade", "He is Good"..... Massenet
Berceuse Romantique (violin)..... Kreisler

Les Farfadets..... Emilio Pente
Romance from 2nd Concerto..... Wienlawski

By the Brook..... Boisdreffe
Scherzo..... Van Goens
The Bird (voice)..... Dwight Fiske

The Captive Lark..... Landon Ronald
Awake, Fairest Maiden.....
..... Joseph Dessauer

Idyll.....
Indian Snake Dance.....
Rondo Brillante—Volin.....

..... Cecil Burreigh

CHURCH SERVICES

Northminster Presbyterian—Walter E. Spoons, minister. We very heartily join in all efforts to conserve the coal in the interest of the community. There will be no services on Sunday. We will join the union service at the Christian church, both at Sunday school and the morning service.

Our school will have a separate room so let all come. Bring your regular envelopes and they will be given to the proper person. Show your interest in this trying condition of things by attending this service. It is suggested that the primary department meet at some home, or in the prayer meeting room.

State Street Presbyterian—W. H. Marbach, pastor. Sunday school and the morning service will be held at the usual time, but at the Christian church. A complete section of the church will be occupied by the Sunday school, which will meet independently of all others. Members of the orchestra and classes are urged to be present promptly and ready for one of the best sessions the Sunday school has ever had. The morning service will be a union service in which all of the Protestant churches of the west side will unite. Rev. Mr. Tull will preach. Members are asked to bring contribution envelopes as usual.

Westminster church will join in the Union Service, notice of which is found elsewhere in this issue.

First Church of Christ, Scientist. Services are held at 523 West State street on Sunday at 11 a. m. and on Wednesday at 8 p. m. Subject: God, the Preserver of Man. Sunday school is at 9 a. m. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the services.

Grace Methodist Episcopal—Thos. H. Tull, pastor. In order to conserve fuel our church and Sunday school will meet at the Central Christian church with other Protestant churches in West Jacksonville. Space will be allotted to Grace Sunday school at the Sunday school hour.

First Baptist Church—There will be no services at First Baptist church Sunday owing to the coal situation. All services discontinued till further announcement. A union service has been arranged for at Central Christian church. Rev. T. H. Tull of Grace church will preach at the usual morning hour of 10:45. All members of the church are requested to hand their weekly offerings to L. B. Turner, Chas. Story, or Richard Reynolds. A. A. Todd, pastor. The Sunday school will meet at Central Christian church where a room has been provided. Go to Church street entrance.

Trinity Church—Holy communion will be celebrated in Trinity rectory at 7:30 Tuesday. Guild will meet in rectory.

Central Christian church—M. L. Pontius, minister. There will be a union service of the churches on the West Side of the city at the Central Christian church Sunday morning, Dec. 7th, at 10:45 o'clock. Rev. T. H. Tull, pastor of Grace M. E. church will preach the sermon. Preceding this union service there will be union Sunday school services in the Central Christian church beginning at 9:30. Each school will hold its separate session in a room arranged by the ministerial association. There will be no evening services. A general invitation to attend these services is extended.

Salem Evangelical Lutheran—East College street. Rev. J. G. Kuppler, pastor. Second Sunday in Advent. Sunday school at 9:30 a. m. Public worship in English at 10:15 a. m. On account of the funeral of Ella Dwyer at 2:30 there will be no evening service. A cordial welcome to all. The Ladies Guild will meet with Mrs. W. H. Graubner at 834 Case avenue Thursday. The Concordia League will meet on Thursday evening at the school.

Mt. Emory Baptist church—E. A. Crockett, pastor. Services today will be as follows: 11 a. m. sermon; subject, "Seven Reasons for Communing at the Lord's Table". 2:30 p. m. Sunday school. 3:00 p. m. choir rehearsal. 6:30 p. m. B. Y. P. U. 7:30 sermon. Rev. Mr. Langton, rector of the Episcopal church. Everybody invited. Our reason for crowding so many services into one day is to conserve coal and we hope that all concerned will help us by conforming to our order of services. Let us meet on time so as to cut off the fires as soon as possible and in that way we can save quite a deal of fuel.

McCabe M. E. church—M. L. Mackey pastor. In compliance with the request of the authorities there will be only one service and that will be held at 11 a. m. The theme will be "Disappointments." All are urgently requested to make this service of inspiration and joy.

The Congregational church of Jacksonville will accede to the recommendation of the fuel committee and will join the union service of the west and Protestant churches at the Central Christian church this morning at 10:45. The Community Forum program has been discontinued until the present fuel crisis has passed.

Bethel A. M. E. church—J. H. Fisher, pastor. In keeping with the suggestion of the fuel committee there will be no services at this church today. But there will be a union service at Mt. Emory Baptist church, services to begin at 7 o'clock. Only one service. Rev. J. H. Fisher will deliver the sermon.

On account of the fuel shortage there will be no services at the Brooklyn Methodist church today.

THREE MORE PLEDGES FOR MEMORIAL TABLETS

Former Local People Subscribe for Tablets in Duncan Memorial Home—Campaign for Tablets Meeting With Success.

Three more pledges for tablets in the Duncan Memorial building have been received by the tablet committee of the D. A. R.

These pledges were received by Mrs. Lillian I. Danskin and are from Mrs. Kate Brown Goltra, Miss Georgia Osborne and Dr. A. E. Prince.

Mrs. Goltra pledges one for her father, the Hon. William Brown for many years one of the leading attorneys of the state, Miss Osborne pledges for her mother, Elizabeth Jane Deweese Osborne and Dr. A. E. Prince for his father, Dr. David Prince, a widely known surgeon of this section.

The letters follow:

487 Lindell Boulevard, Saint Louis.
My Dear Mrs. Danskin:-
I am enclosing a pledge for a tablet for my father, Lloyd, Clara and Will join in this memorial.

I hope that you will have wonderful success. Its a splendid thing.

Kate B. Goltra.
Wednesday, Nov. 19, 1919.
Mrs. Lillian I. Danskin,
860 West College avenue,
Jacksonville, Illinois.

My Dear Mrs. Danskin:-
Enclosed please find signed pledge for Duncan Memorial tablet with the name of my mother, Elizabeth Jane Deweese Osborne to be inscribed on it. I am glad you are meeting with such grand success and will be pleased to hear more about your plans for placing tablets in the home.

Yours sincerely,
Georgia L. Osborne.
November 25, 1919.

Mrs. Lillian Danskin,
Jacksonville, Ill.
Dear Mrs. Danskin:-
In reply of your favor of the 16th will say that I am enclosing you a check for \$100.00 for one memorial tablet.

Yours very truly,
A. E. Prince.

SAVE COAL!
If the Board of Education and the Trustees of the colleges close those schools until after the holidays and sell the coal they have on hand to the Social Service League at what it cost, as they are buying soft coal for the poor paying \$10.50 per ton when they can get the coal and the schools can make up the time lost next spring when they will not need coal for heating — it looks to me that would be a good business proposition—as by January 1st they will be digging coal as usual.

The APEX

Electric washing machine will do your family washing and ironing for three cents per hour and in from one to two hours. Besides they will save an upset kitchen, a hot stove and steamy boiler to say nothing of that aching back, tired feet and complaining nerves. A machine will pay for itself in less than a year for what it costs to have your wash done outside. The Apex washing machines are built on the one correct principal of getting the maximum amount of action on both the clothes and hot water at the same time. No chance of clothes coming out of machine in a torn condition.

**UNUSUAL STRENGTH
IN RYE AND BARLEY**

CHICAGO, Dec. 6.—Unusual
strength in the rye and barley
markets had a bullish effect to-
day on corn. The close was un-
settled 1/4c to 1 1/2c net higher
with January \$1.36 to \$1.36 1/2c
and May \$1.33 1/2c to \$1.33 1/2c.
Oats finished 1/4c to 1/2c up and
provisions unchanged to a decline
of 27c.

Before the advance due to the
influence of rye and barley, the
corn market was on the down-
grade. Continued liberal receipts
of corn together with lower quo-
tations on hogs was chiefly
responsible.

Oats followed the leadership of
corn. Besides, a reduction in the
oats visible supply total on Mon-
day was expected.

In provisions the effect of grain
strength did not fully counter-
balance depression caused by a
material setback in the price of
hogs.

Miss Hazel Greenwalt and
Misses Flora and Hattie Lemon
were city shoppers from Manches-
ter yesterday.

ILLINOIS WOMAN'S COLLEGE NOTES

The annual Thanksgiving banquet of the Phi Nu Society was given in the tea room of the Peacock Inn Saturday evening. The Misses Esther Kirk, Lora Whitehead, Virginia Johnston, Helen Tombaugh, Helen Irwin, and Louise Virgin returned for the occasion. Mrs. Alpha B. Applebee acted as toastmistress.

Mrs. William Fay led the Sunday afternoon Y. W. C. A. service. The meeting which was planned especially for the alumnae, was on the subject of "Our College Ideals."

Since the Thanksgiving hockey game ended in a tie between the Freshmen and Sophomore teams it was necessary to play it on Monday morning. The game resulted in a victory for the Freshmen with a score of 2-0. At noon the Sophomores entertained the Freshmen team in the dining room and in jolly sportsmanship buried the hatchet in clever song composed for the occasion. In the evening the Freshmen team, with their faculty advisors had special table parties.

The Y.W.C.A. held a Japanese bazaar on Monday afternoon in Phi Nu and Helios Lettres halls, the proceeds of which amounted to about forty dollars. Practically everything was sold out by noon and many orders had been

Look at Tongue! Remove Poisons from Stomach, Liver and Bowels.

Accept "California" Syrup of Figs only — look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California" — Adv.

taken to be filed later.

At chapel Thursday morning, the classes made nominations for a most interesting contest. Every one nominated the four girls whom she thought were respectively the prettiest, the wittiest, the most popular, and the most representative. The College will vote soon on the nominations and the results will be published in the College Annual, the "Ill-woco."

Miss Thompson entertained the Loyal Daughters class of the Christian Church Thursday evening after Miss Moore's recital. Refreshments were served in the Art Studio.

Dean Austin, Misses Dorothy Mae Smith and Mary Rose Adams left Thursday evening for New-Haven, Illinois, to attend the funeral of Miss Edith Piller, an I. W. C. student who died suddenly at her home Wednesday morning. The funeral service took place Friday afternoon at two o'clock.

The Advisory Council, a committee composed of the heads of the various organizations of the College, met in the Social room Friday evening. The Council discussed ways and means of conserving heat in the college buildings.

Dr. Harker left Friday for New York to attend the meeting of the Board of Education of the Methodist Episcopal church.

Miss Louise Virgin, of Virginia, was the guest of Miss Ruth Harker over the week end. Miss Virgin was formerly a student at the College.

Miss Esther Kirk, a former student of the College, who is now attending a school at the University of Illinois, spent Saturday and Sunday with her cousin, Miss Venus Neff.

Miss Dorothy Pinkston, an alumnae of the College, who is now teaching at Pawnee, was here Sunday visiting Miss Mildred Mayer.

Mr. Glen Fahrion who is attending the Washington University at St. Louis was here Sunday visiting Miss Marian Munson.

Miss Lois Hyatt, from Ashland, was visiting Miss Marjorie Taylor, Thursday, and attended the recital by Miss Moore in the evening, at which Miss Taylor played the accompaniment.

Miss Ruth Gorum, a student at Sacred Heart Academy in Springfield, visited Miss Sarah Bristow over the week end.

LITERBERRY

Literberry, Dec. 5. — Harry Damman Stice, the one year old son of Mr. and Mrs. Coy Stice, residing west of Literberry is reported as seriously ill with double pneumonia.

Among the visitors in Literberry from Jacksonville today were Mr. and Mrs. Hervey Litter and daughter Thelma, Mr. and Mrs. Arthur Litter, Mrs. John Myers, Miss Emma and Paul Johnson.

MAVERICKS

We would like to comment on the coal situation only it is no joke.

The Journal with candles and lamps went back to the old days Friday night. Some of the younger members of the force did not know how to operate lamps and narrowly escaped an explosion, the lamp being carried out of the building by one of the Journal's world war veterans.

If all of the spectators who absorb heat at the Reddish trial could be induced to go out to the timbers on farms adjacent to Jacksonville and engage in cutting wood it would help considerably on the fuel question.

According to some people who have been following the trial, things do not look so blue for Dr. Reddish.

The administration we learn from the dispatches has adopted the "Watchful Waiting" plan in the Mexican situation. Seems to us that the plan has been in force for a number of years, but it seems to be waiting without the watchful.

A load of coal is about the most appropriate Christmas present we can think of at this time.

Being a member of the Federal army in Mexico might be classed as a hazardous occupation.

We noted last week that Sir Johnston Forbes Robertson gave a Shakespearian lecture in Chicago of Mac Beth, Othello and King Lear. We are familiar with the last named two but we are wondering if Mac Beth is the name of a new suffragette.

Seventeen men will grapple with problems of United States industry down at Washington. From present appearances it will take more than seventeen men to grapple with the industrial situation with any success.

What's In a Name? T. G. Boozell is a clerk in the Muehlebach hotel in Kansas City.

Speaking of Boozell, wonder if the miners would go to work if the operators would furnish them with beer.

ANNOUNCEMENT.
Owing to the seriousness of the fuel situation the women of Trinity Episcopal church have decided to postpone their Christmas sale of aprons until more favorable conditions exist.

Frank E. Drury of Orleans was a visitor in the city yesterday.

COLLEGE OF MUSIC

A pupils recital will be given Monday evening, December 15th at 8:15 o'clock.

Miss Bessie Thayer sang a solo at the Baptist church Sunday evening.

Miss Helen Massey sang a solo at Grace church Sunday morning. The usual Christmas Vesper service will be given at the College on Sunday afternoon, December 14th at 4 o'clock. A very interesting program is planned.

The following guests from out of town attended Miss Moore's recital, Thursday evening, Mrs. Lloyd Stribling and daughter Dorothy, Miss Lois Wyatt, Dr. and Mrs. W. S. Taylor, all of Ashland, and Mrs. Edward Culver and Miss Olive Mott of Athens.

Charles Saybrook of the south part of the county journeyed to the county seat yesterday.

WOMAN

Your bodily and mental efficiency are important factors right now. It's no time to be sick. It's no time to allow your system to be drained of its vitality to such an extent that you can do only a part of the work demanded of you.

You can't be efficient if you are ill. So begin now to take steps to remove the cause that leads to these periods of intense suffering and accept the help of Chiropractic so you can be 100% efficient and vigorous.

Why Women Suffer

Most women suffer primarily from deranged function caused by spinal pressure on the nerves. This pressure shuts off, or obstructs, the life-giving nerve energy, and weakness and disease affect certain organs and tissues of the body. Chiropractic corrects these spinal defects, and thereby removes the cause of illness. Nature cures the effects and builds up the weakened and diseased organs. No drugs, no surgery are used.

CHIROPRACTIC

is Nature's way. It is safe, sensible and sufficient as a national health method, and it has proven wonderfully effective in women's ailments. There is nothing in the chiropractic (Kiroprak-tic) method that should prove the least embarrassing. Investigate.
